

An embossed illustration on a dark blue textured background. It depicts a bird, possibly a seagull or a similar large bird, in flight. The bird is positioned horizontally, with its wings spread wide. Below the bird's feet is a stylized representation of a globe or a planet, showing continents and oceans. The entire scene is embossed into the material, creating a subtle relief effect.

DEDICATION

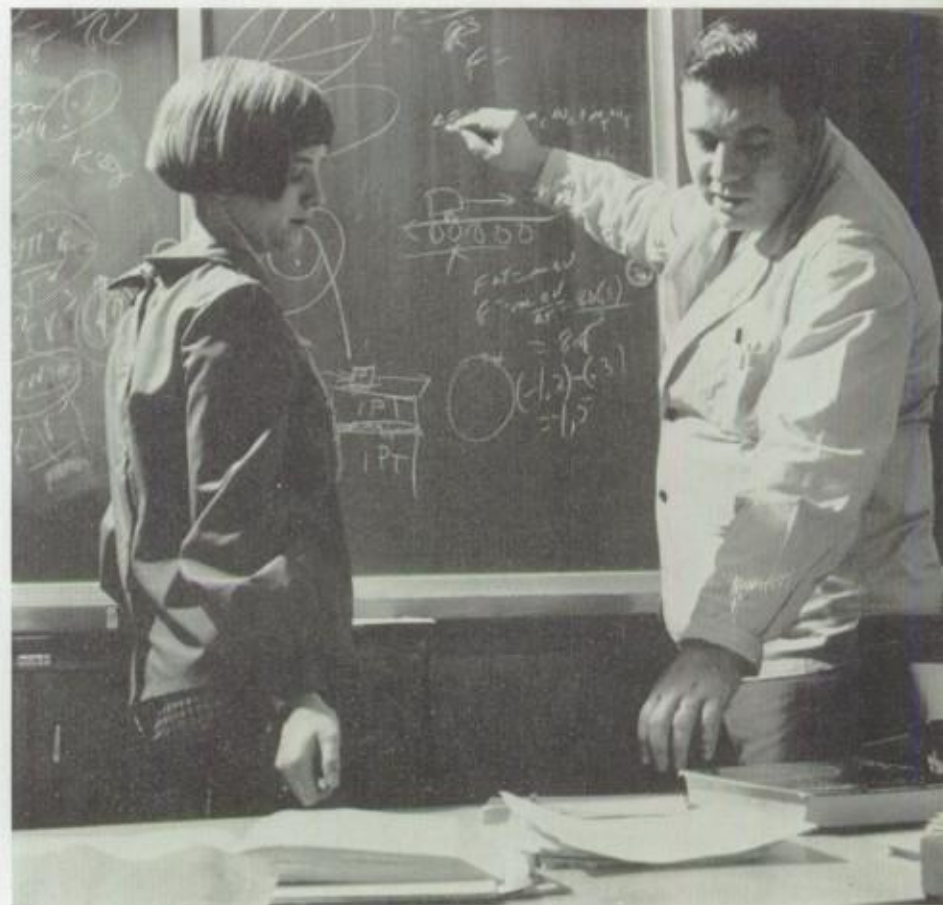

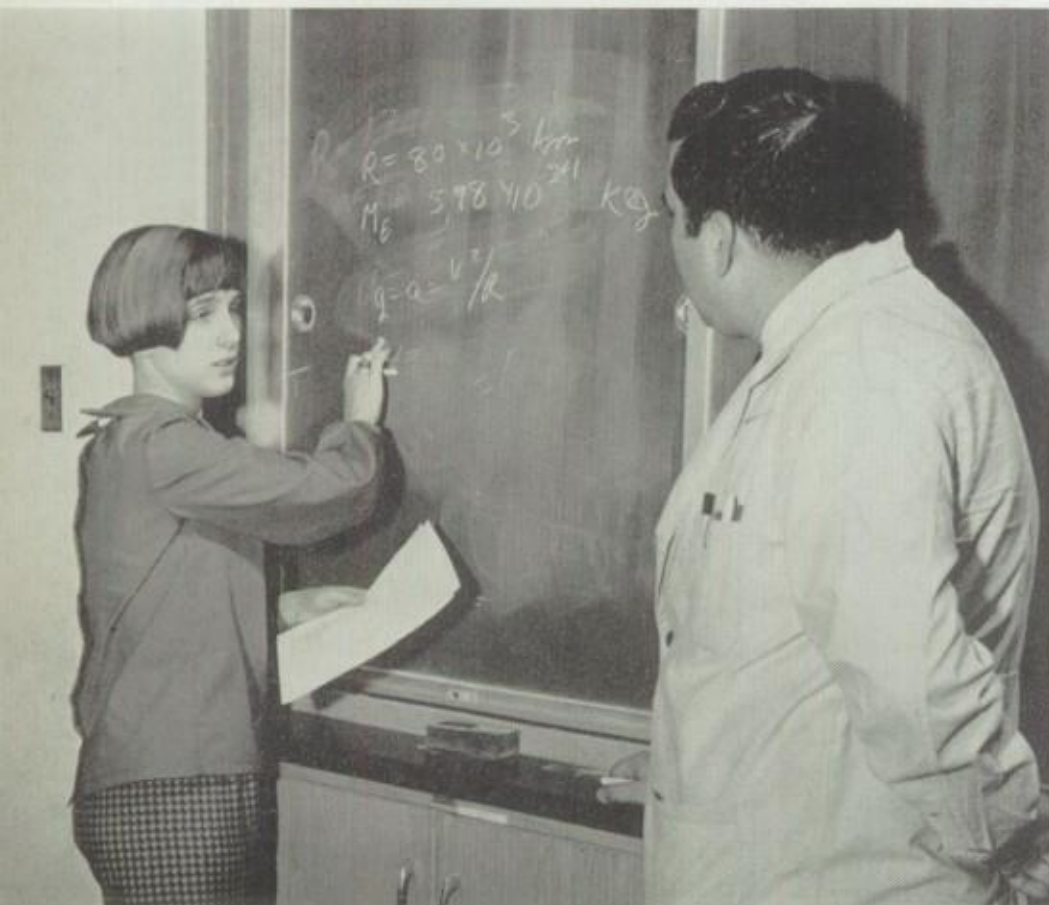

Speaking for myself and the entire 1969 Cinema Staff, I dedicate this publication to Miss Gertrude McTaggart. For the past sixteen years, she has been the motivating force behind the production of Lakewood High's award-winning year-books. I am happy to thank this kind and persevering adviser publicly for her aid on this, her last Cinema issue.

Plans Point to New School of the Seventies

The Lakewood Board of Education constantly adapts new ideas to meet the everchanging needs of education. In 1968, after an incalculable number of hours in study and conferences, they approved the architectural plans for new buildings and additions as needed throughout the Lakewood school system. Because the construction has moved on schedule, the Board of Education foresees the completion of the new wings of LHS by September, 1970, with a capacity to serve 3600.

DR. ELLIS' ENCOURAGEMENT sets the scene for laying of foundations at ground-breaking ceremony, October 15, 1968

Dedication and Communication: Key Words in Dr. Ellis' Plans

Dr. Ellis sees Lakewood facing a period that requires renewed emphasis on dedication and communication. In this dynamic phase of Lakewood's educational development he has encouraged all staff members to take part in the planning process. Parents, other citizens, and high school students were asked to make their contributions during these many months of preparation. In a January message to Lakewood citizens, Dr. Ellis advised: "Lakewood has been known for excellence in education. But we live in a rapidly changing time. Excellence can be preserved only if we continue to examine present practices thoroughly and work vigorously to make sound improvements."

Dr. Holmes Works For Community Improvement

Multi-million dollar financial problems such as balancing the budget and approving requisitions fall into the hands of Dr. Roger Holmes. A conference sponsored by Ohio Department of Education on "The Role of Computers in Education" increased his background in these problem areas. As president of the Lakewood Safety Council, Dr. Holmes' concern reached into methods of reducing the rate of car accidents in Lakewood.

THEODORE W. CUNNINGHAM *assistant principal*
AB, Bluffton College; MS, University of Michigan

Assistant Principal Stresses Need for Cooperation

Smoothing out difficulties is Mr. Cunningham's main job, whether it is easing friction between student and teacher or between teachers and schedules. As Dean of Boys, he acted as mediator between teacher and student to reopen the lines of communication. As a buffer between time and teachers, Mr. Cunningham constructed the Master Schedule, coordinating teachers' preferences with courses offered. He will be working this summer to review and research school policy as it might apply to the enlarged building program.

Principal Encourages Students in Personal Contact

An atmosphere of frankness pervaded the year 1968-1969, due to the efforts of Dr. Howes. At the first assembly, he announced an Open Door policy. At Meet the Press assemblies, he encouraged communication between administration and students. His participation on a Cleveland TV panel on SDS was another example of concern about a frank discussion of very important issues. As chairman of the Professional Rights and Responsibilities Committee of the OASSP, he worked on all of the problems of administration.

Counselors Give Aid to Students in Distress

Have the ACT test scores come in yet? What's my class rank? What do I do with my high school transcript? May I change my English class to another period? Everyday, the six counselors answer these and many other questions asked by concerned students. Miss Carol Lytle and Mr. Eugene Degyansky helped sophomores to adjust to new school policies. Mr. Max Bechtel and Miss Marthella Spinneweber gave guidance to eleventh-graders. As senior counselors, Miss Martha Latto and Miss Elizabeth Roeder helped students choose a future and fill out their applications.

EVERY Tuesday and Friday, counselors Latto, Bechtel, Roeder, Lytle and Spinneweber meet to discuss current problems and issues

Rays of communication warmed parents and faculty when PTA sponsored a Homeroom Mothers Tea and worked with faculty on the program of Open House. Under the leadership of presidents Dorothy and Carl Behl, and vice-presidents Harry and Mary Engelman, the PTA hosted a faculty theatre night featuring "Sailor Beware" at Lakewood Little Theatre. Spotighting achievements of LHS athletes, the PTA sponsored the winter, fall, and spring sports banquets. Culminating the year, the PTA financed buses for the senior picnic at Cedar Point, and Honor Day awards.

Faculty Joins Extra Activities

Teachers' jobs do not end in the classroom, as their outside activities can prove. Many are advisers to extra-curricular clubs and coaches of sports teams. Others are researchers and members of faculty committees. These interests bring a stronger student-teacher relationship.

NEW SCHOOL PLANNING presses on for committee chairmen
Mr. Fahnert, Mr. Burton, Mr. Cellini, Mr. Wood, and Mr. Alverson

Committees Work for Betterment

In preparation for the new school complex, committees were organized to review existing school policy. These groups met regularly, searching for ideas to better accommodate the students, the faculty, and the administration. Curriculum, mechanics, teacher concerns, student concerns, and philosophy were the areas of investigation. The ultimate goal is a school which will serve 3600 freshmen, sophomores, juniors, and seniors.

Tasks Coordinate Schools

Jobs that help the school machinery run smoothly involve a variety of people such as secretaries, security officers, and book purchasers. They assist the faculty and administration in performing the most efficient job possible. Typing and mimeographing tests, making up absentee lists, coordinating the teachers' schedules, selling study materials, and managing study halls are just a few of the demands met. Much preparation goes into the science lab classes and frequent tests given in these classes are prepared for by the biology lab assistants. The lifeguard aids in the mechanics of running a pool and teaches diving as well. The academic and office staffs unite in their efforts to produce a proficiently organized high school such as Lakewood High.

In Memoriam . . .

Richard Allen Strang

1922

1968

It seems impossible that Mr. Strang is no longer here as the vibrant conductor of his band. The joy and enthusiasm in his heart was alive in his music and still seems to echo in the halls of Lakewood High. He came to Lakewood in 1953, becoming the supervisor of instrumental music and director of the Lakewood High Orchestra and 100-piece Band. He possessed a rare sense of showmanship. To promote closer ties with Canada he originated the biannual spring tour to Ontario. Illness kept him at home when the band started its tour in April, 1968, but he made the effort to join them on their last stop at Niagara Falls and to direct part of the concert. On a trip in July to the Kiwanis International Convention at Toronto, he accompanied the band, and they received three standing ovations. He really "lived" music. He was music chairman of the Lakewood Kiwanis Club and choir director of Lakewood Christian Church for the last fifteen years. He matched his love and devotion to music in his relationship with people—his co-workers, his students, and his family. His five boys—David, Denis, Richard, Timothy, and Robert—have a proud heritage.

Jean Lineburgh and Laura Ritchie, winners of Eliza Jennings' awards in art, study displays in LHS branch of the Art Museum

Classes opened many ways for self-expression and involvement. Introduction of interrelations between the studies was an exploratory venture.

STAMPING and picking designs into leather, crafts students learn the skills while making belts and bags that they can actually use

Artists Explore New Media In Art World

ART EXPLORATION includes appreciating artwork, studying colors with the wheel, and making individual projects

Art exploration, a special new course, includes the study of clay sculpture, crafts, history, and painting. It combines design, crafts, and appreciation in order to give a total concept of the world of art. In having both a different phase and a different teacher every two weeks, students get a broad view of art. Many art majors enroll in crafts which may be taken after a full year of regular art. In this course leather craft, ceramics, mosaics, enameling, or silver smithing are the centers of interest. In all art classes, much enrichment comes from the use of films and books. Some individual students continue their work in Saturday morning classes at the Cooper School of Art or the Cleveland Institute.

Musical Magic Casts Its Spell Over Students

The magic of music conjured up an interest in the hearts of many students. Its spell was one of high-step bands, harmonious choirs, and aspiring composers. All of these things were here and came alive in an exciting music curriculum. Ranging from Bach to Beatles, Orchestra and Band combined precision with expressive musical arrangements which captivated and enthralled many audiences. "Crescendo, now forte, very legato." This was a language all its own to choir members who, after much preparation, cast their musical spell at the annual Christmas and spring concerts. Dreams of composing came true in harmony and theory classes. Students delved into music history and its fundamentals and then later put them together in their own musical magic with rewarding personal pride.

ALL ABOARD! American history students studying the railroad business attempt to out-bid one another for the opportunity to

Involvement: Key to Social Studies

Self-expression had a new impact in Social Studies. In Problems I and classes of Civilization and Man, individuals expressed personal feelings in their chosen media. By playing the Railroad Game, American history students learned about the hardships of early railroaders. Advanced Placement European history classes tried to discover reasons for historical events like the French Revolution and the rise of Communism and considered solutions to present world problems.

Department Adopts New Senior English Courses

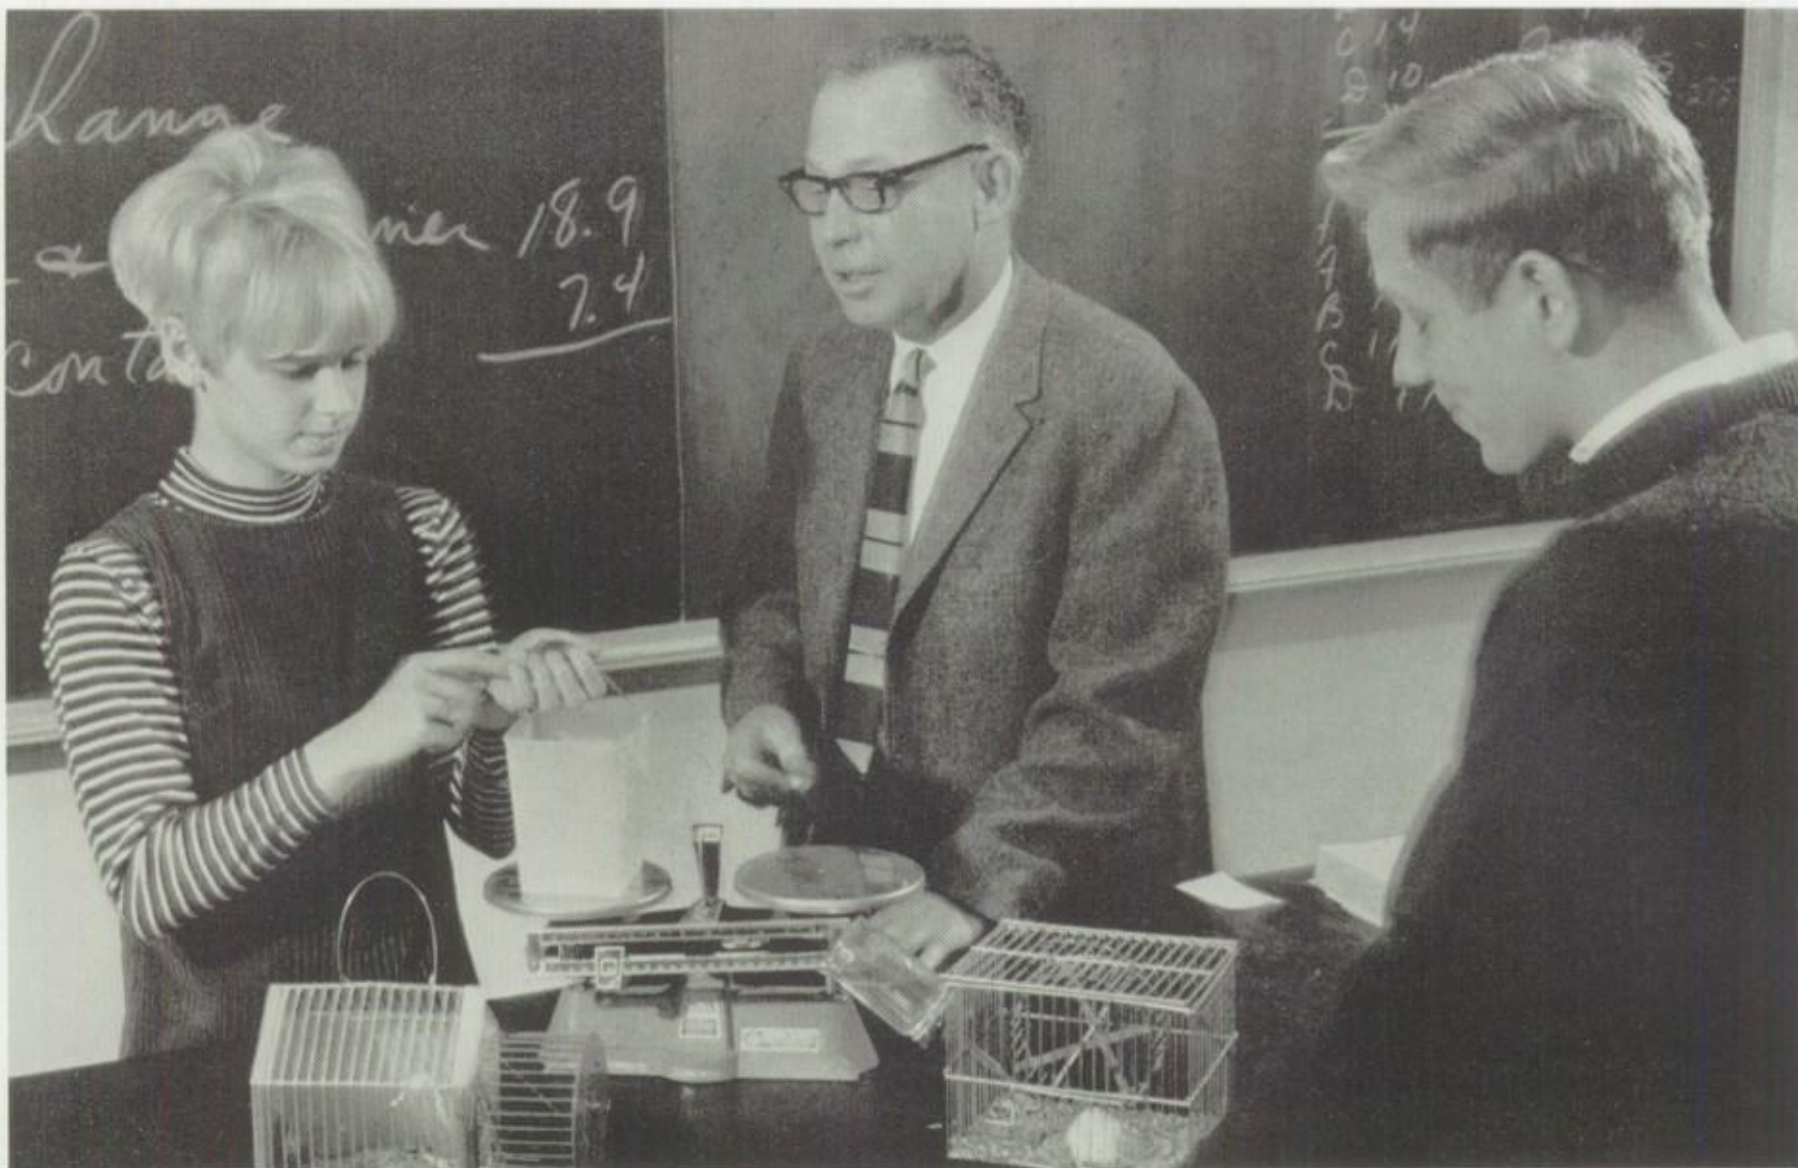

Seniors were allowed for the first time to specialize in the concentration of study which they found most meaningful. They mixed and matched semesters of English literature, world literature, communications, and composition. The new course, communication and modern media, explored television and radio, advertising, motion pictures, newspapers, and magazines. Senior composition developed critical thinking, style, themes, and refined descriptive writing and exposition. Junior English studied Puritanism by examining works of Miller and Hawthorne, realism and naturalism with London and Twain, Transcendentalism from Emerson and Thoreau, and transition poets, Whitman and Dickinson. Poe, Bryant, and Melville illustrated Romanticism while Sandburg, Hemingway, and Steinbeck reflected social comment. Sophomore and junior courses stressed paragraph and sentence structure, vocabulary enlargement, literary humor and symbolism, and poetic styles.

INDEPENDENT projects for communication and modern media

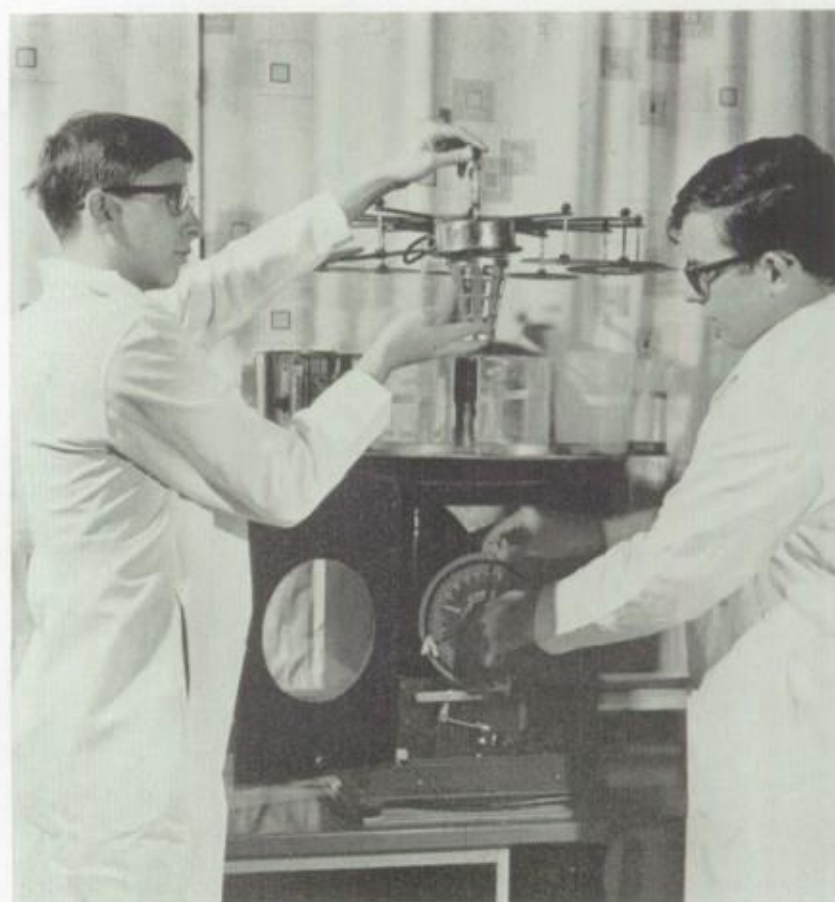

course included films, programs, animated cartoons, still-life photography, and simulated advertisements with various magazine pages

DAILY WEIGHING, as Mr. John Wood explains to his students, shows whether laboratory mice are reacting to their restricted diets

Physiology Labs Use Specimens for Learning

Moose, Cheetah, and Sniffy seem like strange names for members of the physiology lab, but in reality, these were names of some mice used in an experiment concerning proper eating habits. This study acquainted students with correct care of small animals and showed that an improper diet has ill effects on weight and general health. Also in laboratory, partners studied anatomy by dissecting white rats, frogs, and parts of animals. While studying the human skeletal system, they used actual bones to see joint movement. These were projects to learn by first-hand experience.

DRESSED IN WHITE laboratory coats Andy Ragone and Leon Alward use technicon to prepare tissue for microscope slides

Microscopes, Slides Aid Natural Science Studies

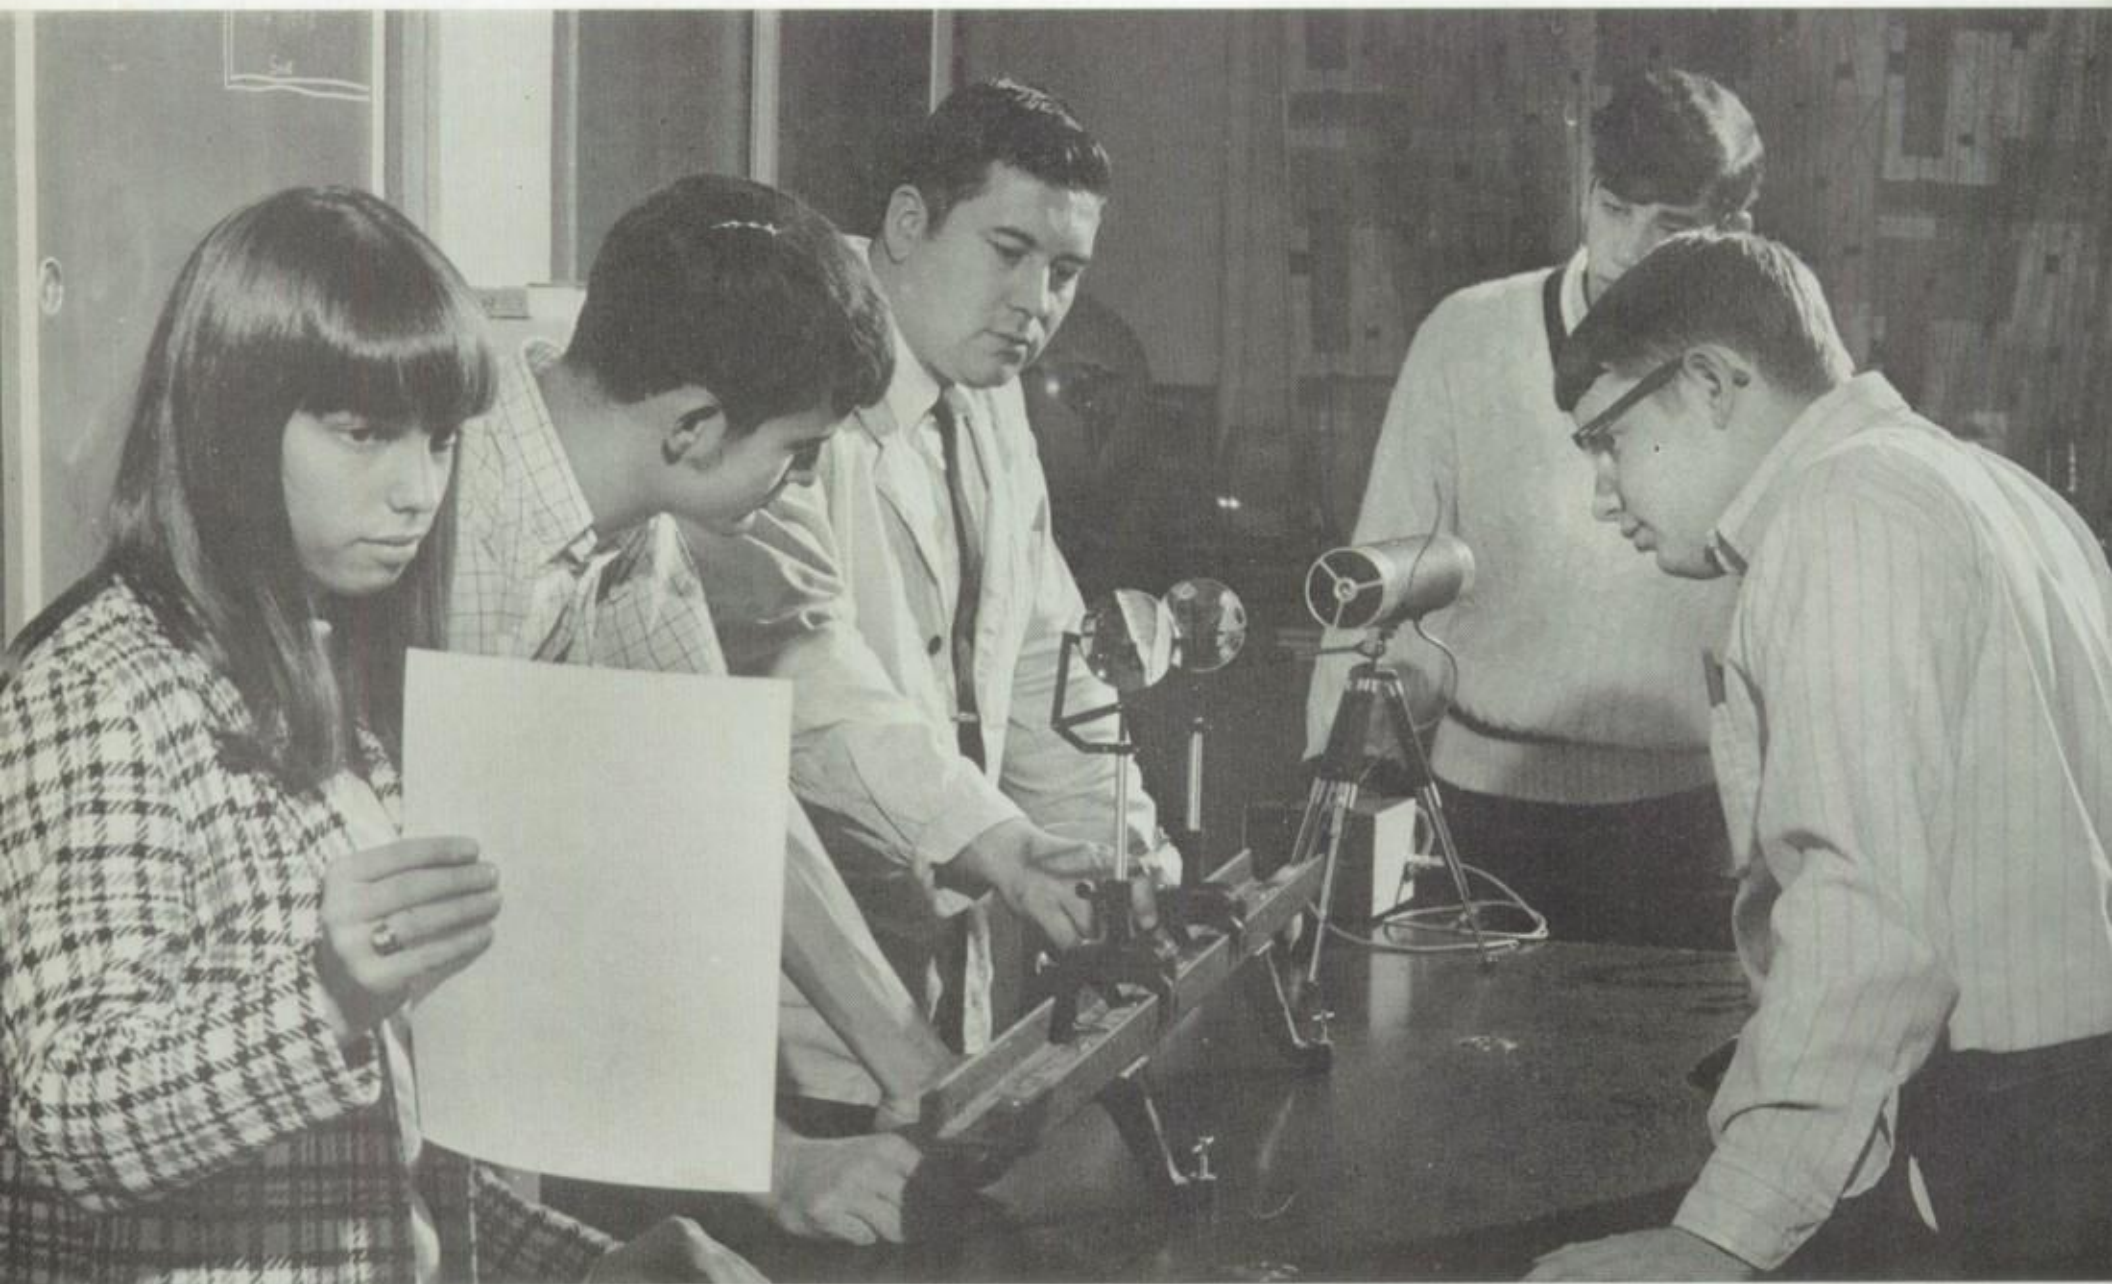

Key word in the science department was "equipment." The wide selection of movies, correlated to the textbooks, was very valuable in explaining and supplementing reading material in all horticulture and biology classes. Laboratory projects, most emphasized parts of the courses, were educational because of the great assortment of freshly-prepared slides. In addition to regular microscopes, students used new stereoscopic microscopes which have two eyepieces, rather than one.

Unique Science Course Expands Department

Kinematics, time extraction — sound confusing? Not to physics-calculus students. Requiring team teaching, this course was unique in that mathematic and scientific concepts were taught in relation to one another. With Mr. Dale Perez teaching physics, and Mr. Howard Vance, calculus, this math-science combination was made possible. Questionnaires sent to recent graduates gave teachers ideas on how to improve the program for future years. LHS is one of the few high schools across the nation with a course of this type in its curriculum. Earth science, another course in the physical science department, dealt mainly with geology while the chemistry students studied lab techniques and organic chemistry.

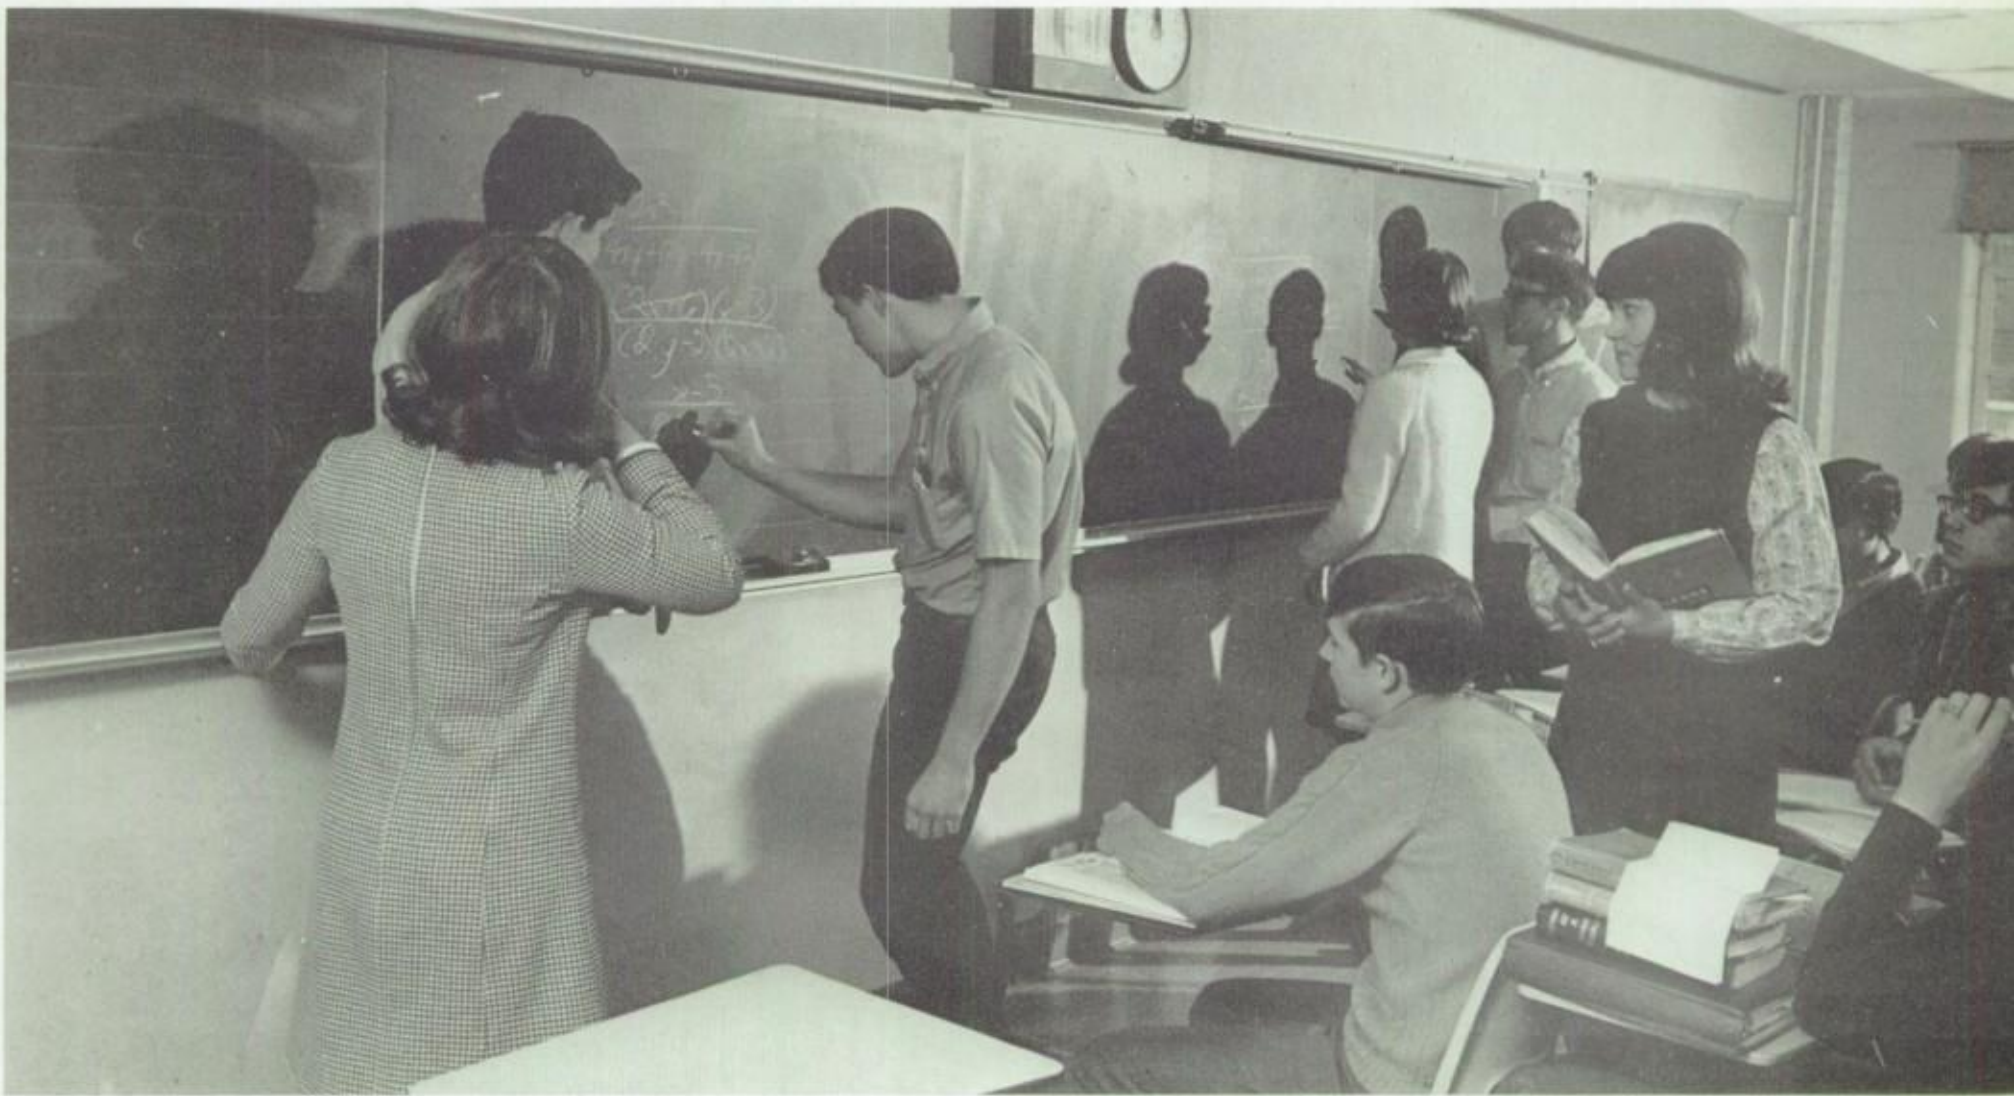

BEFORE heating to burn off oxygen, John Edwards and Jane Eredics weigh copper II sulfate with a triple beam balance

Math Adds New Program of Instruction

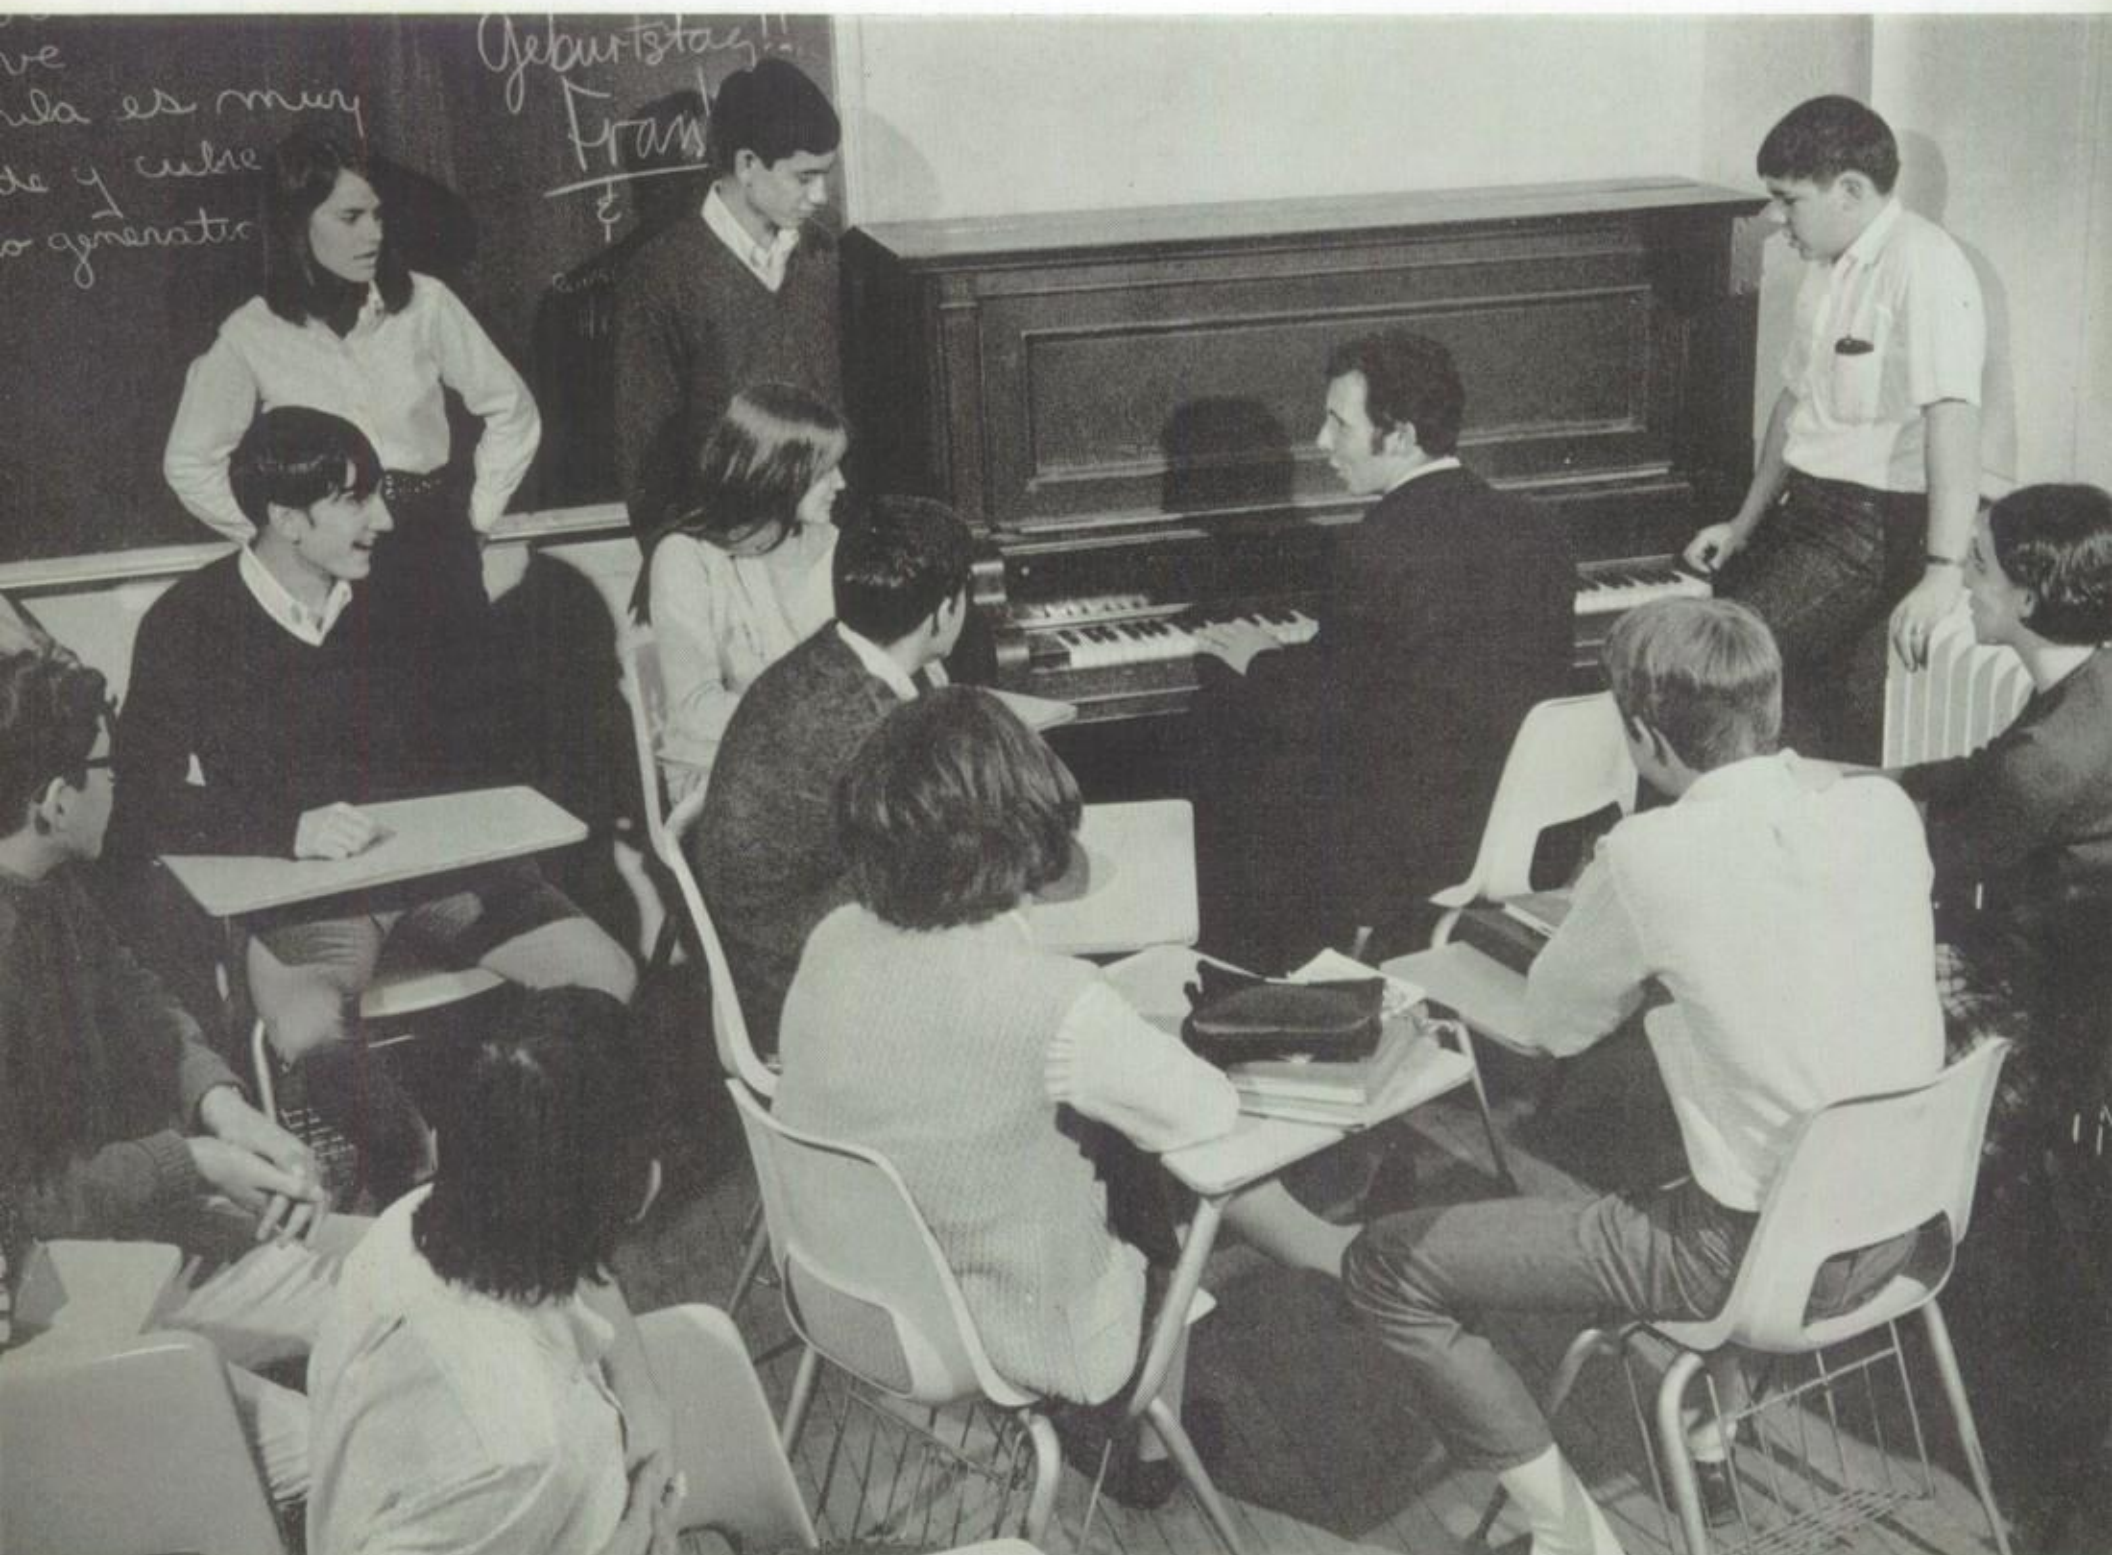

Geometry XX was not a secret code, but a new advanced math class for sophomores, who not only mastered the required texts, but also supplementary material such as non-Euclidean geometry. Interested math students from study halls learned to use the intricate equipment in the computer room. Under the direction of Mr. Alan Laing, these volunteers became "aides" and helped him as other math classes received the valuable computer instruction. These classes included calculus, modern, intermediate, and unified algebra and trigonometry courses.

HERR Edgar Kyburz, visiting teacher from Switzerland, entertains students with original songs of his country which include yodeling

New Merges With Old in Foreign Languages

French conjugation, Roman history, German folk songs, language lab—all contributed to the variety of activities used in the Foreign Language Department. Students at Lakewood may choose to take five years of Spanish, French, and German; four years of Latin; and two of Russian. Added benefits to these studies are many, some of them intangible—including the chance to read literature in the original, more proficiency in English, and understanding other civilizations, both modern and ancient and travel opportunities abroad.

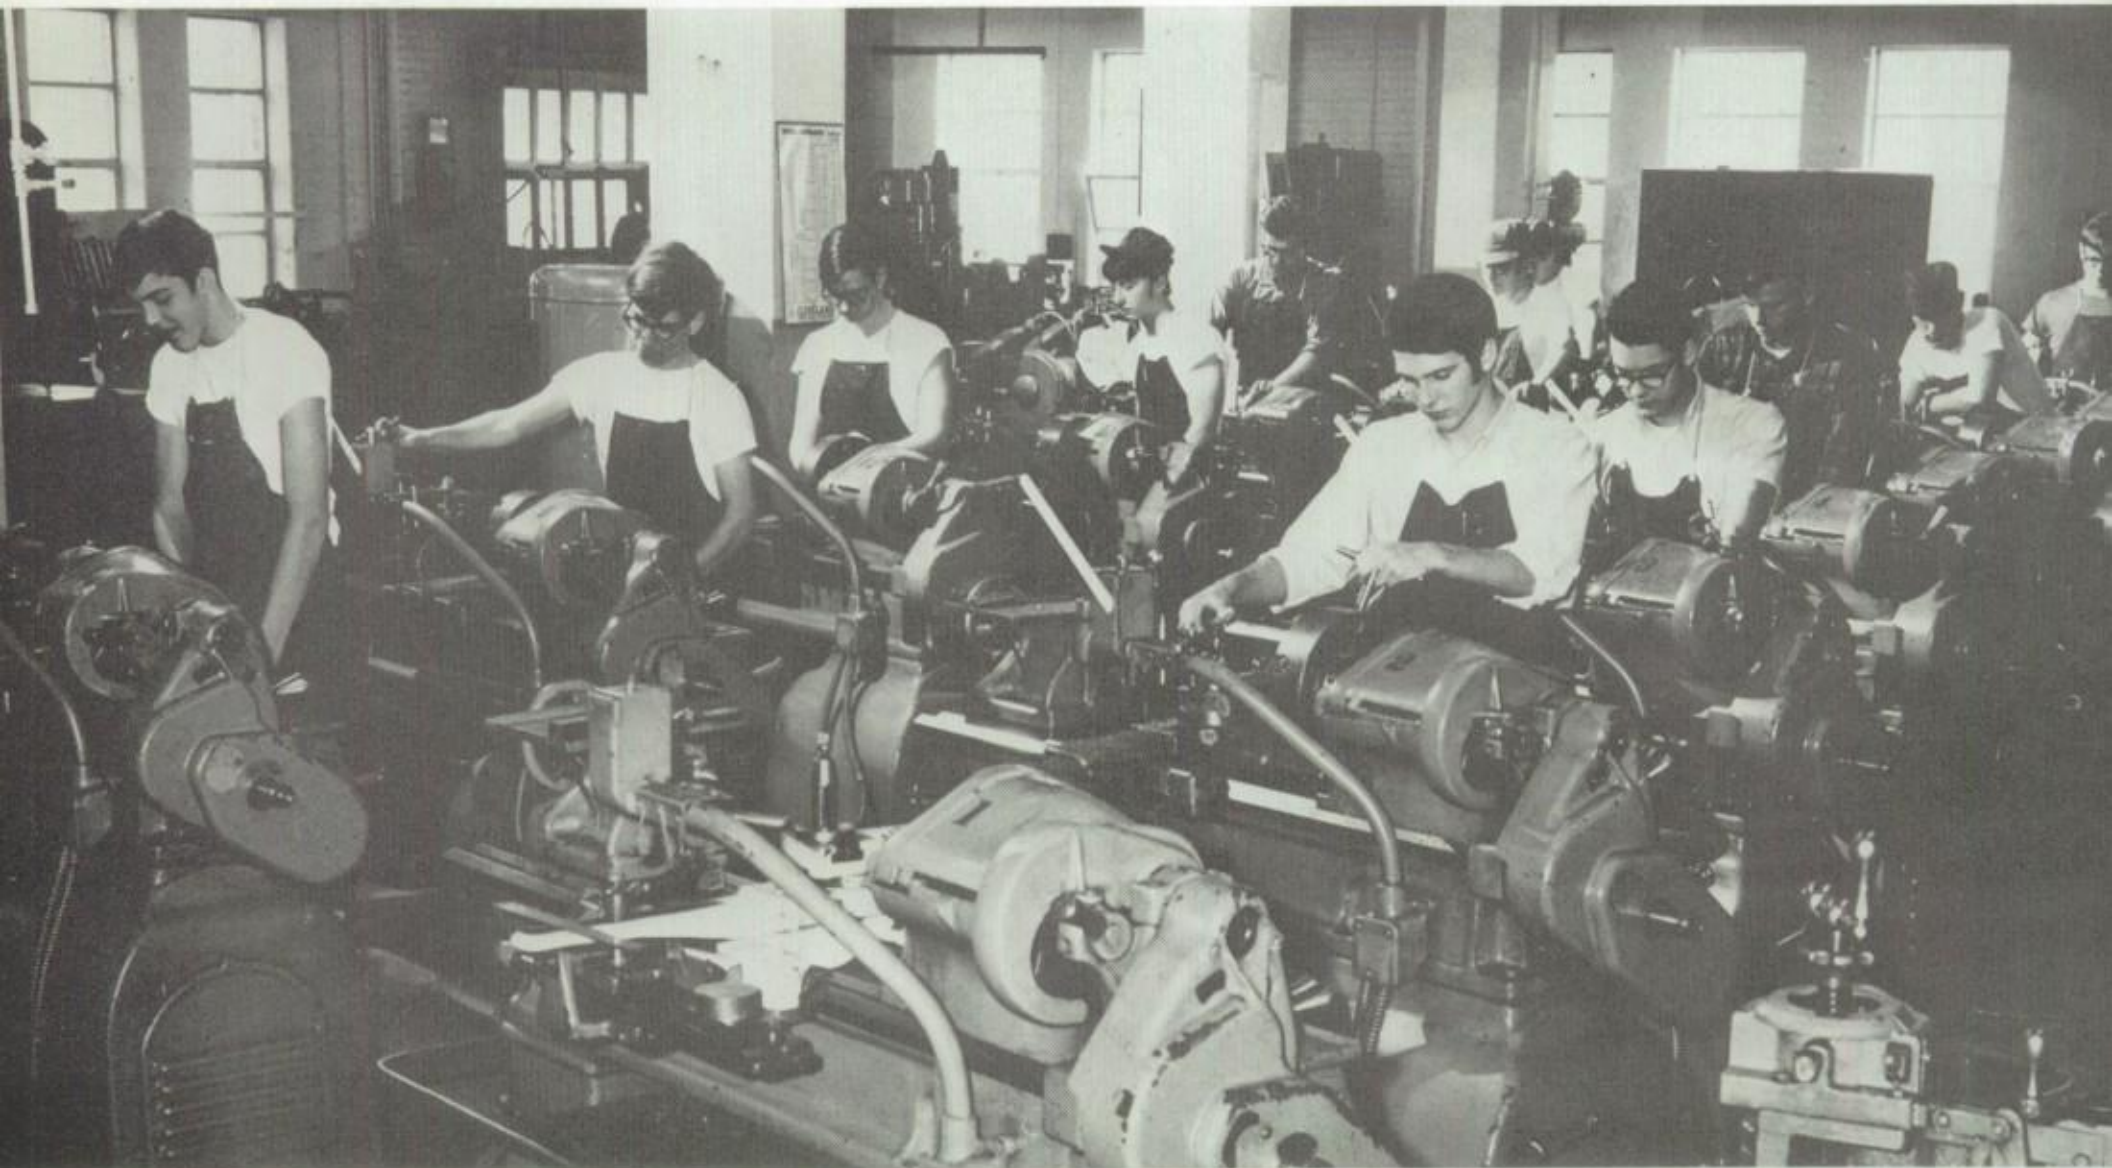

Business Department Trains Students for Future Jobs

Business students leaving Lakewood High are well trained to fill office positions which demand excellence in areas of bookkeeping, economics, filing, and stenography. The business department also added the Steno-Lab which enabled students to practice dictation at their own rate of speed.

ONE OF the most useful pieces of machinery in the machine shop is the lathe where the boys turn metal for their various projects

Industrial Arts Challenges Mechanical Minds

Preparing students to achieve a position in a technical field is the responsibility of the Industrial Arts Department. Beginning and advanced courses are offered in drafting, electronics, graphics arts, hot metals, machine shop, power mechanics, and wood shop. Drafting, in its second successful year of team teaching, is in the midst of a transition that will offer machine, architectural, and engineering drawing. Learning to operate large machinery with skill and accuracy is the main objective of the machine shop. New to the power mechanics division this year is a six-weeks phase of the Space Science course. Participants scientifically design, build, and test model rockets by using a wind tunnel, electronic equipment, and other devices to measure the rocket's ascent.

OVERHAULING an engine is just one project in power mechanics, which stresses every phase and application of power

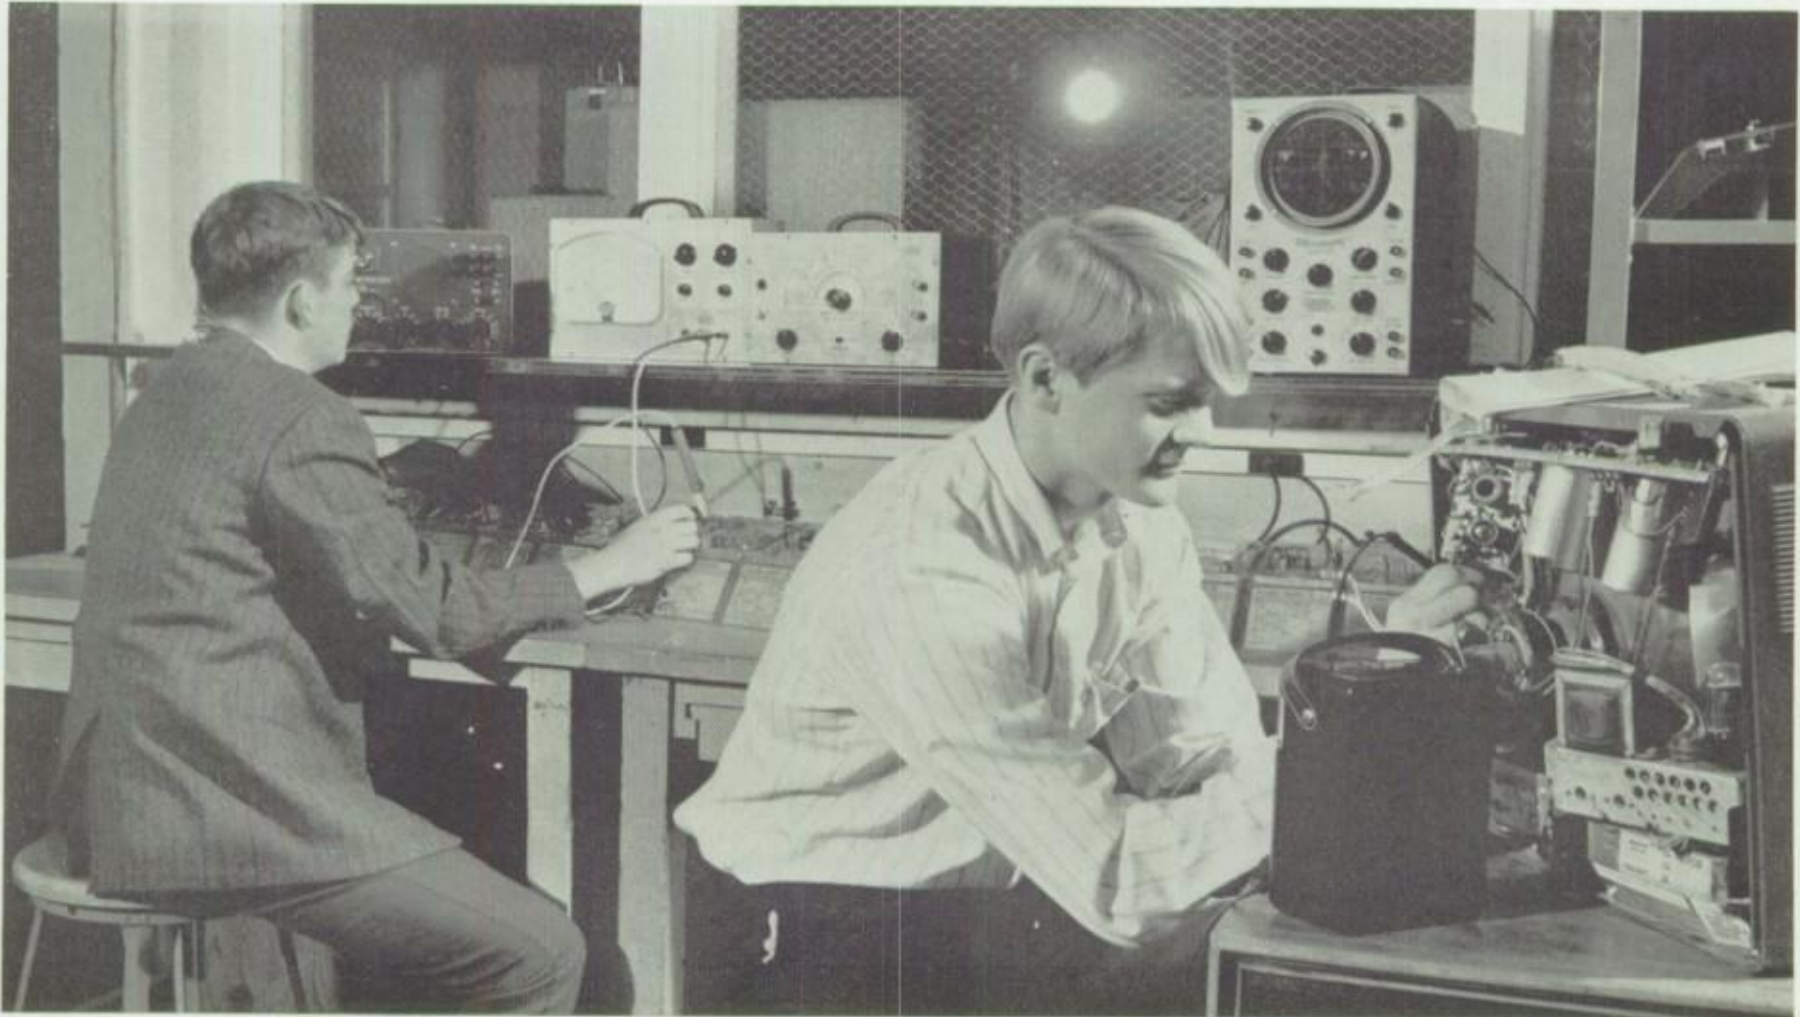

Wide Range of Technical Skills Encompassed

Contrary to popular belief, the Industrial Arts Department is not where people like Mortimer Snerd successfully spend six periods a day. In the electronics course students attempt to prove electrical theories by using testing equipment, while others build radios or televisions and make repairs. Skill and practice are involved in hot metals where learning to make a strong, smooth weld and ramming a mold are required. The graphic arts section trains prospective printers in all processes of graphic reproduction. Originality of design and quality of craftsmanship are stressed in woodworking where the boys make everything practical and useful from tables and desks to boats.

SAFETY is important when operating large machinery such as the bandsaw, where goggles are worn for added protection

Home Economics Truly Has Sense Appeals

Take three main ingredients: cooking, sewing, and home management; add a dash of skill here, a pinch of creativeness there, and find a niche in home economics. Today, slaving over a hot stove is a rare scene in modern cooking. In cooking classes, quick and simple cooking methods were introduced daily as exciting recipes were put to the test. There also, the study of nutrition was of major importance. They prepared charts and menus so that each meal would contain proper vitamins and balanced content. From basic sewing skills, classes progressed to specialization, some in knitting, crocheting, and weaving. As they advanced they concentrated style and design, and had a spring fashion show for all interested students. In home management courses, judgment in budgeting both time and money was developed as well as the furnishing and decorating aspects of homemaking to develop their own fine tastes.

TUG OF WAR? Not really. Stretching the material before sewing makes handling easier while also preventing it from shrinking

Physical Education Trains Minds and Muscles

Physical Education is not only an important part of education, but is also a welcomed part by most students. While the early morning classes acted as a stimulant to wake up students and to prepare them for the day ahead, the afternoon classes provided a release from the tensions that seemed to mount up during the day. With the wide variety of sports offered, Physical Education classes were rarely dull. This year in boys' PE, Honor Groups were chosen in four classes. These groups consisted of approximately fifteen students and they were allowed to select their activities independent of the regular classes. All were encouraged to participate in a field of many sports.

Reading Center Aims Toward Learning Skills

Mr. Anthony DiBiasio, director of the Reading Center, stressed greater reading speed and comprehension in each of the three courses he offered. The newest one was a compulsory, remedial reading program for all sophomores in basic English. These classes met two days a week in addition to English class. Another was individual instruction for poor readers. The third course was a twenty-one lesson course for volunteers.

EMPLOYING taped recordings from the Reading Center, students can improve their comprehension of the basic structure of English

PREVIEWING films enables teachers to organize class work and to coordinate prospective films with tentative future projects

The Hub – Instructional Materials Center

Expansion in size and service were necessary accomplishments at the Instructional Materials Center. Every day secretaries Mrs. Kay McDowell and Mrs. Arline McNerney ordered films, assigned projectors, and scheduled equipment. The student staff gave much of their free time running the projectors and sorting out films.

Vocational Education Provides On-the-Job Training

DECA member Esther Keszie, receiving on the job training, brings delight to children with stuffed animals and toys

Vocational education teaches business skills and enables students to put their knowledge to actual use. These organizations — BOE, COE, OWE, DCT, and DECA—included writing skills, clerical work, and up-to-date information on office procedure. Most workers went to school half a day and then directly to their jobs, which their work coordinator on the vocational staff approved. Those working in department stores were briefed on the proper attitude towards customers, while secretaries developed typing techniques and telephone procedure. This program gave training for future full-time jobs.

Because of citizen and student enthusiasm, the department decided to incorporate these new programs into their present curriculum for community safety.

Book Room: Supply Center for Students

Issuing and keeping track of over ten thousand textbooks is an important function of the book room. At the beginning of the fall semester, students come here to pay their school fees, and at the end of the spring semester, to register for summer school. Supervised by Miss Helen Stafford, many transactions are handled by students who volunteer free time. In cooperation with extra-curricular organizations, the staff sells tickets for dances, plays, and athletic events.

DAILY conferences, screening examinations of new students and sophomores are routine duties of the school nurse

Health Center Promotes Preventive Medicine

Physicals for sophomores and athletes, accompanied by senior TB tests, were enough to keep Mrs. Lava Garrett, school nurse, and Dr. E. L. Conry, school doctor, busy throughout the entire year. However, this year they also had to contend with the Hong Kong flu, which at its worst kept approximately 500 students out of school some days. To help keep things running smoothly, girls on the Health Center Staff signed students in and out, gave band-aids, answered the telephone, and ran various errands. They also helped with sophomore physicals by weighing and measuring the incoming students. The combination of doctor, nurse, and student staff helped make an efficient Health Center.

The L - Room – Refreshment, Music, Comfort, Relaxation

Trading pens for pretzels and potato chips, students crowded daily to the L-Room after school. Between sips of Coke and Sprite, they relaxed and visited with friends in the Snack Bar. At any free time during the day, they were allowed to use the facilities for relaxation. This social center was also a favorite place for meetings, parties, and dances as well as the FREE program.

Ne'er Forget the Purple and the Gold

*Lake-wood High we're proud of thee; All al-lied in lo-al-ty;
 May thy coun-sels e-ver be with-in our mem-o-ry.
 Hon-ors then to Lake-wood High; May her fame reach to the sky;
 May we al-ways heed her cry to brave-ly do or die.
 Hail to thee! O Lake-wood High Thy dear name up-hold;
 We shall ne'er for-get - - - the purple and the gold.*

NATIONAL MERIT SEMI-FINALISTS—Dr. Kimball Howes congratulates those receiving high scores on the NMSQ test: (Front Row)—Sandy Myers, Frisz, Jacobs (Row 2)—Noran, Bob Myers, Miller, Jones, Reilly, Sprague, Kelly, Ruetenik, Rodic (Absent)—Eastman, Foote

NMSQ Test Brings Honor to 27 Seniors

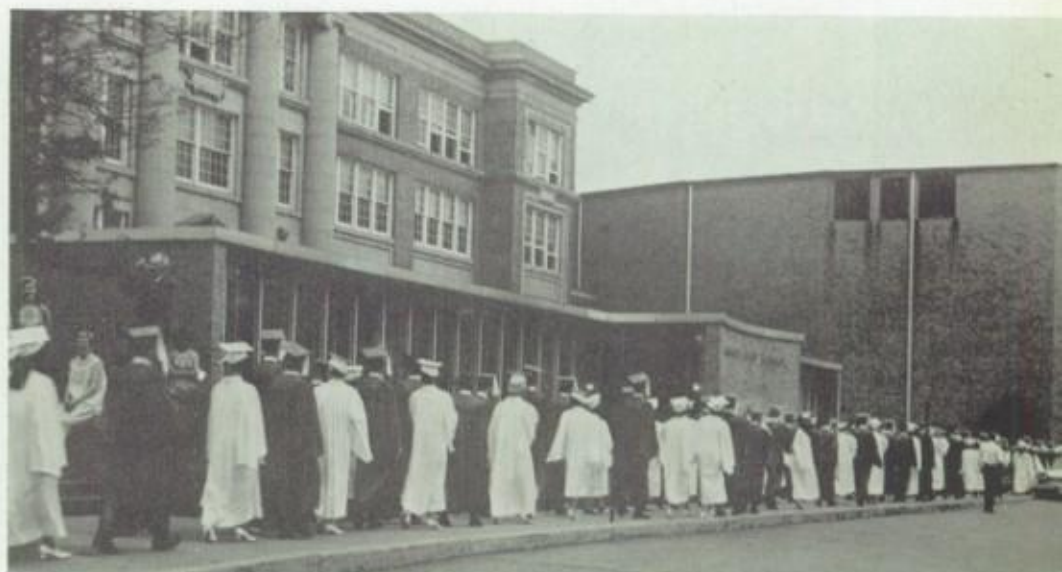

The National Merit Scholarship Qualifying Test given in spring of the junior year measures total accumulated knowledge of participants. In September, fourteen seniors with scores ranging from 144-154 were named Semi-finalists. Thirteen others with scores between 134-141 received Letters of Commendation. After being approved by the school, Semi-finalists filled out applications including an essay paragraph and took an SAT test to validate their scores. Happily, all fourteen Semi-finalists became Finalists. This honor brought the names of these students to the attention of colleges and other organizations with scholarship programs. Nationally, there were 15,000 Semi-finalists, including 437 Clevelanders.

LETTERS OF COMMENDATION • Row 1 — Kayne, Cochran, Peters • Row 2 — Waldheger, Shirland, Camper, Heidlebaugh, Davis • Standing — Art, Golden, Galambos • Absent — Rath, Newton.

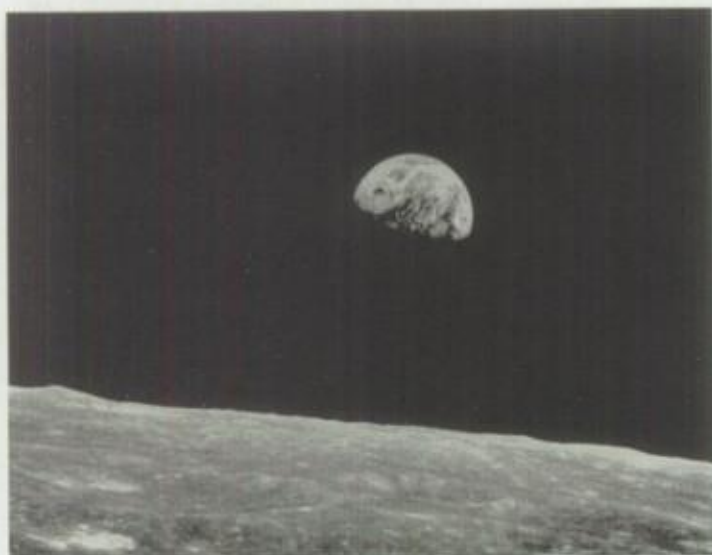

Seniors – The World Is Yours to Shape

High School graduates of 1969 step out into a world very different from that of their parents. They themselves are more knowledgeable, deep-thinking, free, and sophisticated. Startling changes are occurring in social attitude, philosophy, art, music, and literature. How each senior graduating in the 121st Commencement will contribute to his community, country, and the world is his individual challenge. The frame of reference that high school provided, his individual talent, and an irreproachable courage must be used to make progressive changes and reforms for our world.

L - Club Athletes Combine Work With Fun

Tug-of-war sessions during intermission at basketball games identify the boys in white L-sweaters as L-Club members keeping the crowd in line. These are the varsity athletes who have earned and maintained their membership through active school service at Open House, football and basketball games, and swim meets. In addition, they have lots of action in their social get-togethers such as tobogganing and swimming parties, a hayride, and the ever-popular "slave" sale. Sponsors of this club are Mr. Robert Hayden and Mr. Angelo Privitera.

Duncan-Men Carry On Winning Tradition

Led by the hard running of Greg Gottermeyer, Ron Andregg, and Gary McDowell, Coach Duncan's Rangers captured fifth in the LEL, sporting a 5-4-1 record. Starting the season with wins over out-of-league West Tech and LEL fledgling Normandy, the Rangers' spirits were dampened considerably when beaten by league champ Valley Forge. They bounced back to crush Cleveland Heights; then, plagued by injuries, they lost a heart-breaker to tough Garfield Heights. Next, the Rangers faced another defeat at the hands of football arch-enemy Shaw. Lakewood went on to tie Parma, still a league title contender at that time. The Ranger-of-the-Year Award went to Frank Bliss who, along with Steve Heier and Jeff Westfall, made the All LEL teams.

JV's Tie Heights For Top Honors in LEL

Winning eight out of ten games, the JV's battled for every point; and, in beating the Valley Forge gridders, Lakewood broke the Patriots' winning streak. Leading scorer was Doug Belko with 70 points for the season. Not far behind him were Jeff Crowe, Larry Clanton, and Joe Joyce. Pass-catching specialists were Mike Saleet and Joe Kristofeld. Superior line play was carried on by Doug Knotts, Jeff Hawver, John Girgash, Jim Errington, and Joe Vanuch. Quarterback Mike McGroeder led the team to an average of 20.5 points per game. Coaches Havelka and Deiderich stated that these boys will make a significant contribution to the varsity in the next two years.

Red Hot Basketball Team Nets Sectionals

Avenging last year's mark of 2-12, Coach Harry Groman's team finished with a 13-6 record and third place finish. The highlight of the regular season was the defeat of league champions Euclid in an exciting overtime upset. Forging ahead to the district finals, the Rangers polished off Rocky River, Fairview, and West Tech in the sectionals, and then conquered Lorain in their first district game. Even though the Berea game jinxed the cagers' winning streak, the squad showed the tremendous spirit typical of a great Lakewood finish. Ron Andregg led the team as co-captains Frank Borish and Gerry Stupiansky spirited a powerful defense with the aid of Brad Van Luit, George Middleton, and Brian Scanlon.

Keenermen Clash With Challenging League Opposition

The Lakewood Junior Varsity basketball team posted a 13-5 record, their best in five seasons. Highlighting their tough season was a victory over the LEL champion Euclid Panthers. Leading scorers for the JV Rangers were Ken Hahn, Erv Eilmann, and Tony DiBiasio. Other constant point contributors were Don Poole, John Trutko, Mike Saleet, and Dave Schultz. The jayvees had a 35% shooting average and a 53% free throw average.

Cross Country Team: Dynasty in the Making

Jim Galambos, undefeated in dual meets as well as District and Regional competition for two straight years, paced the Lakewood cross country team to a 7-2 record. The harriers placed third at both LEL and District meets and then finished sixth at the Regional Meet. Pacing the squad were seniors Jim Galambos, Jeff Cinnamond, Mike Schwab, Doug Brown, Kent Eggleston, with George Chambers, and Dave Huffman.

Undefeated Swimmers Devour Lake Erie League

Under the leadership of Ohio Coach of the Year Neil Skinner, the Lakewood swim team racked up an undefeated dual meet season, second place at the districts, an eleventh place at the state meet, and again became champions at the LEL meet. Records were set in the 200-yard medley relay composed of Carr, Weiss, Wisniewski, and Russell, with a time of 1:43.2. Bob Weiss tied Bob Carr's record of 22.7 in the 50 yd. freestyle. The 400 yd. freestyle relay of Carr, Higgins, Russell, and Dorsch also set a new record with a time of 3:25.4. Other members of the team were Glenn Thomas, eleventh in the butterfly at state, Bob Matius, Don Calkins, Russ Mecredy, Rolf Jaeger-son and divers Bill Spaninger and Curt Jones.

Although faced with no victories in their regular dual meet season, the Lakewood wrestlers managed third place at the North Ridgeville Tournament, seventh place at the Bay Invitational, and fifth place at the Sectional meet. None of the Sectional qualifiers made it through District meet. Team captain, Marshall Kerr paced the squad by placing second at the North Ridgeville and the Sectional tournaments. Judd McKendry placed third at the sectional and gained sixth at the AAU meet. Heavyweight Frank Bliss, Most Valuable Wrestler, placed second in the North Ridgeville Tournament and was third at the AAU meet. Other outstanding wrestlers were Bill Mould, Mike Cabot, Steve Heier, Mickey Krivosh, Greg Salzbrenner, and Ed Thoden. Coach Salzbrenner believes that with his crop of returning lettermen, next year's season may be prosperous; but three more years will pass before the full benefit of the newly initiated Junior High program is really felt.

New Coach Sparks Progressive Gymnastics Team

Returning gymnasts and outstanding newcomers made Coach Viancourt's new job challenging. This year marked the initiation of the LHS gymnastic team. At the state meet, Lakewood placed eleventh. Bill Hammond was runner-up at this meet, finishing only 1½ points behind the champion; and placed sixth at the Buckeye Invitational meet where most competitors were college athletes. Scott Zandy, John Naccarato, Tom Nary, and John Bukala were Lakewood's other point earners. Mr. Viancourt is looking forward to the new '69 interscholastic competition.

Baseballers Produce Winning Season

Led by Most-Valuable-Player Stu Shestina and pitcher Al Krist, Mr. Jim Keener's varsity baseball team overcame most of their opposition in compiling an overall record of 14 wins and 7 losses. This record enabled them to tie for second place in the LEL. Al Krist managed a .51 ERA, Mel Streeter maintained a 2.07 ERA, and John Rustad compiled a 1.33 ERA. Ron Andregg proved to be the "lead hitter" for the team with an overall batting average of .355 followed by Frank Bliss, best batter in 14 games with a .455 average.

Lindsay's Gang Reigns in Lake Erie League

The JV baseball team, directed by Mr. Alan Lindsay, won the undisputed championship of the LEL. Rob Evanko led all pitchers with an 0.15 ERA (Earned Run Average); Bill Carter tossed a 1.22 ERA, and Rod Damico achieved a 1.84 ERA. They combined for 11 wins and allowed only one loss. Most Valuable Player Ben Sakai scored the most runs and had the most base hits of the entire team. Bob White topped all batters, however, with his .555 batting average. Throughout the season, the team put together 18 wins and 2 losses.

Even with the constant triumphs of outstanding individuals, the track team could only salvage a tie for seventh place in the race for the LEL crown. The Ranger runners turned in their best performance at the Marion Relays where they placed a strong third, relying on their strength in relays and long distance events. Marc Collins set a new pole vault record of 13 feet 3 inches, Jim Galambos broke the record for the half mile with a time of 1:54.3, the second fastest time in Ohio high school competition, and the two-mile relay team broke the old standard with a time of 8:09. Other contributors to the team were field men Hoty, Walsh, Burger, and McDowell; distance men Cinnamon, Brown, Eggleston, and Stokey; and sprinters Lewis, Mark, Horndeski, and Francis.

Thinclads Display Strength On Indoor Boards

Paced by undefeated distance ace Jim Galambos and the undefeated two-mile relay composed of Galambos, Huffman, Eggleston, and Gerson, the indoor track team allowed only two losses in their nine meet schedule. Galambos broke the half-mile and mile records with 2:10.2 and 4:47.7 times respectively. The two-mile relay team also broke the old standard with an impressive clocking. Another typically outstanding season ended Mr. Carl Antel's fine record as head coach of track.

Doug Kane led the golf squad to a 4-3 regular season and a 8-4 overall record, tying the 1967 squad's mark. Coach Jefferis' eight man squad tallied impressively despite a windy spring. Kane's season average was 39.9, breaking last year's top average of 40.5. Captain Mark Heideloff was second man with 41.5. Other outstanding players were John Frisz, with a 42.2, and Bruce Baker, who tallied 42.3. Kane, assisted by Baker, Frisz, and Heideloff, made district runner's-up with a 331. Although Kane lost in a playoff bid for medalist honors with an 18 hole score of 79, Lakewood captured second place in the Lake Erie League Tournament.

TOM RICH exhibits intense concentration needed for a good put

Racketmen Mark Steady Improvement

Climax of the tennis team's season proved to be in the LEL Championships where doubles team Dick Frieg and Bill Carter qualified for the quarterfinals by beating the Valley Forge team 6-2, 6-0. This was a particularly "sweet victory" since the Forge team had beaten them earlier this year 6-2, 6-3. Although Coach Schaiper's team failed to produce a winning season, ending with a 3-6 record in the LEL, the scores were closer than the records show. For instance, in the Parma match, with the team scores at 2-2, third singles Justin Shirland persevered for two hours but finally lost. Losing only two seniors, Coach Schaiper expects a much better team next year.

Girl Athletes Benefit from Sports Program

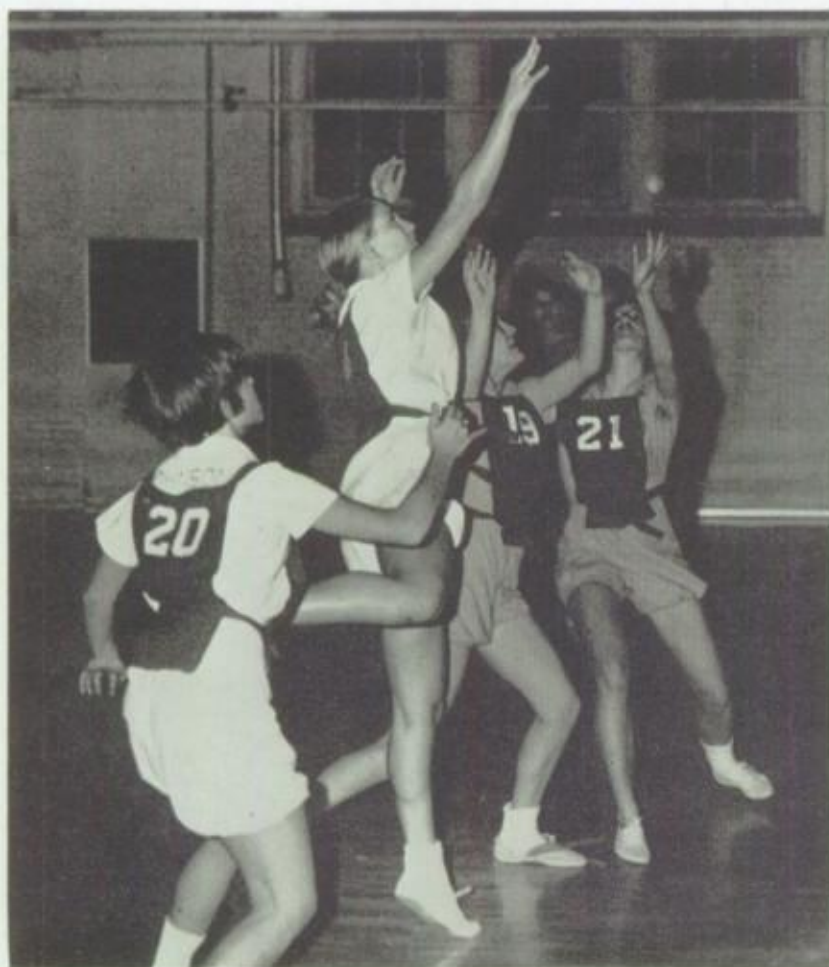

Improvement of skills, exercise, fitness, and friendship rewarded girls in intramurals. The year commenced with hockey, archery, and ended with softball and golf. Championship play-offs climaxed individual sports such as table tennis and badminton while All-Star games climaxed team sports seasons. Since extramurals had been gradually incorporated into the program, superior girls in intramurals also participated in competition with other schools. The top three tennis players battled for Lakewood in the annual Mather Tennis Tournament which hosted girls from twelve Cleveland high schools. The gymnastics team competed at a district meet in Rocky River on April 12.

Gym Classes Emphasize Independent Study

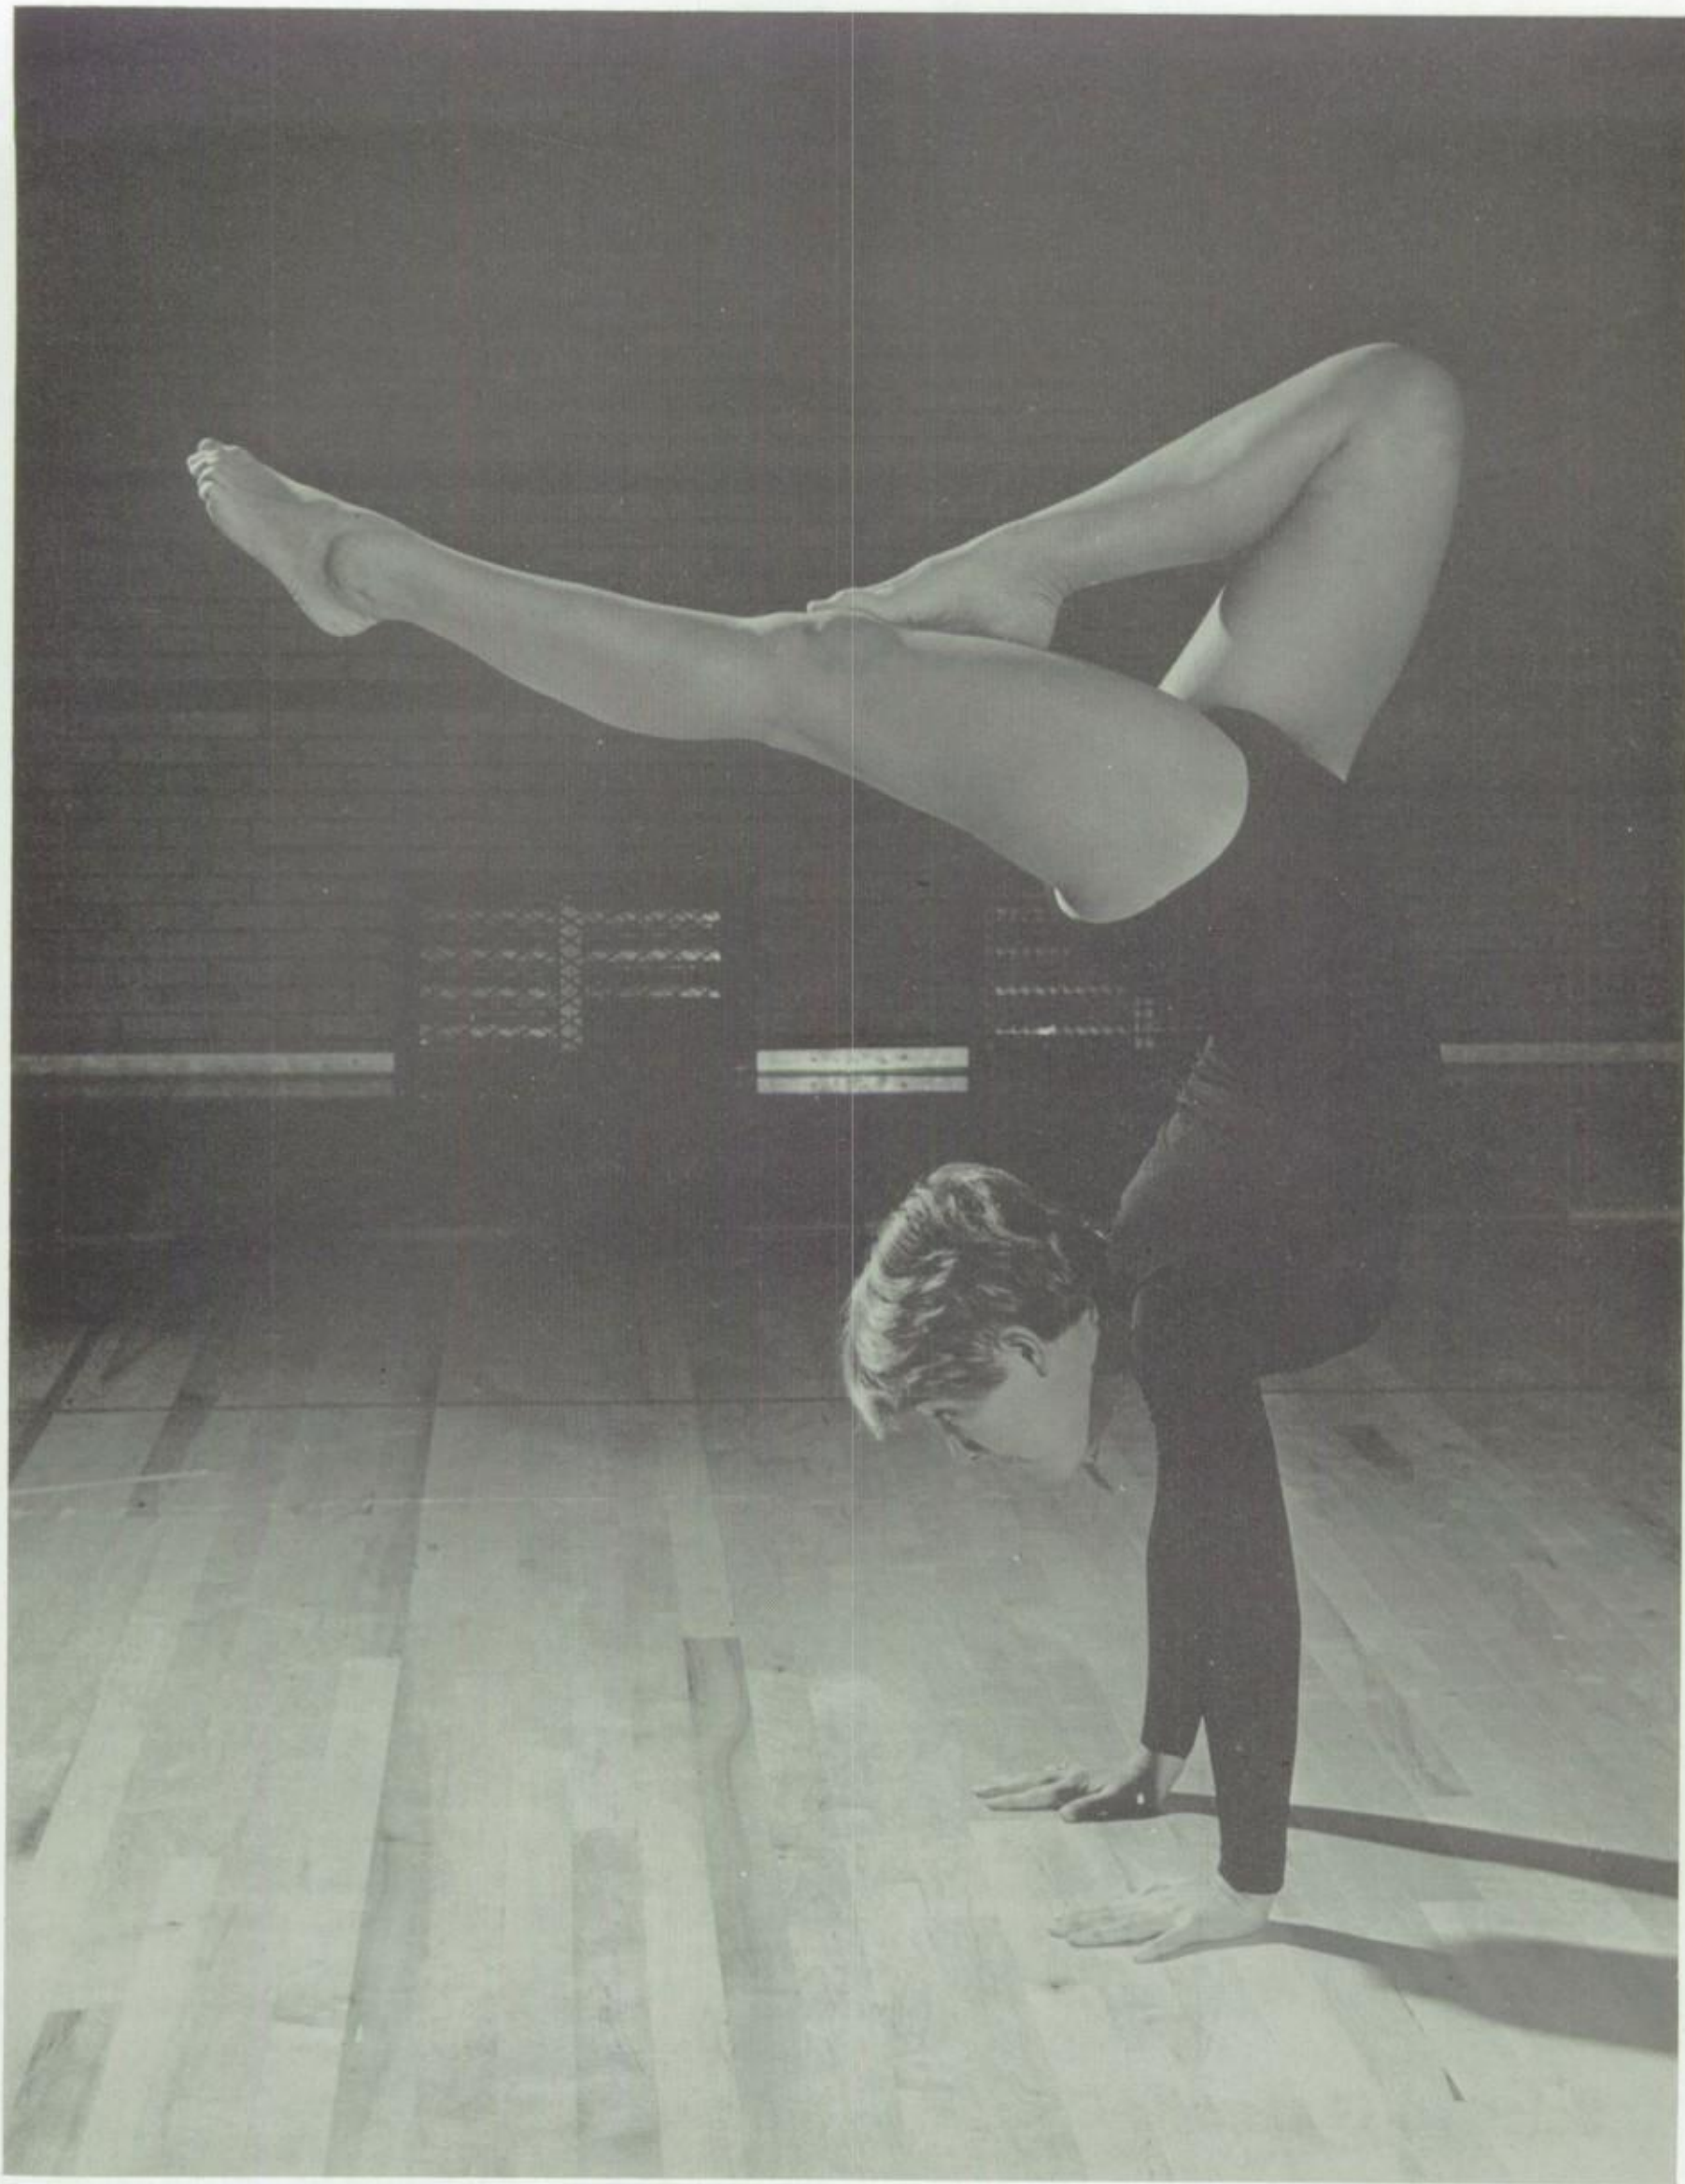

Audio-visual aids made independent study in physical education possible. The new Concept Film, which showed movies of correct techniques on a small projector, aided the gymnastics, swimming, and tennis classes. Records and filmstrips helped the teaching of hockey and fencing. Assigned to different stations, girls in volleyball classes tried to follow direction sheets and learn to play volleyball on their own. The new approach was to let girls work at their own speed after basic fundamentals were taught. Teachers were to assure safety and provide enough assistance and materials for girls to work independently.

Modern Dance Gives Freedom of Expression

Dance is not only a fun way to exercise, but also a freedom of expression to the girls in Modern Dance. In the January Humanities Assembly they gave a program to show the art and technique of modern dance. To many in the audience, it was the first exposure to this medium of artistic expression. The dancers also learned to choreograph. They first picked the music and then decided on original steps to accompany the number, directed by Miss Antoinette Artino.

Athletic Board Controls All Girls' Intramurals

Helping with the sports program and doing behind-the-scenes work are the jobs of twenty-seven athletic board members. Girls indicated their desire to be on the board by choosing activities in which they were interested. Then physical education teachers and the preceding board selected qualified girls. Managers were in charge of the dance, tank, gymnastics groups, individual and team activities. Others kept records of participation for sports and helped with public performances of groups and the choice of All-star teams. During monthly meetings, members heard progress reports and suggested improvement of the intramurals. After discussion and voting, they passed a new rule, that if any team forfeited twice, it would be automatically out of a tournament. This new rule was put into effect during the volleyball season. Under the guidance of Miss Marjorie Donley, the athletic board contributed much to the very smoothly functioning intramurals.

Leaders Plan for Enlarged Club

Looking ahead to the future, Leaders planned a revised club for the new school under Miss Adele Kleinecke's supervision. Mr. Richard Beyer started them out by giving a talk on the nature of the construction of the new building. The Leaders Board, which governed the club, consisted of officers and Leaders appointed to different committees: Play-day organization, publicity, and refreshment. The organization committee was newly formed and the members were to study specific problems the Leaders would face in the much larger club next year. Besides being invaluable assistants to physical education teachers, they also enjoyed many things together as a group. They held a potluck before the first football game, had a Christmas party and a skating party, attended the Valley Forge LEL Play-day, and sent a sports Care package overseas. Tryouts are held each fall to select new cadet leaders who will become Leaders after a semester of training.

Large Number Honored at Awards Dessert

Annual Athletic Awards Dessert in February gave special recognition to 189 girls who were outstanding participants during the year's intramural program. Honored were team captains, officials, team and individual champions, all-star players, cheerleaders, cadet leaders, leaders, major modern dancers, gymnasts, Tankateers, Athletic Board members, and winners of the three major awards. The Shield award was for 300 points, the L-pin for 600 points, and the Medal for 900 points. Winners of Medal award, the highest possible, also received charm bracelets and were honored guests at the annual Kiwanis luncheon.

Student Government Branches into Unexplored Areas

Without riots, sit-ins, walk-outs, or revolution but rather with the cooperation of an understanding administration, the Lakewood Student Council managed to make great strides towards increased responsibilities for students. An extended FREE program, continued open lunch hours, formation of curriculum and student "feedback" committees, along with suggestions for phasing out both bells and final exams were all progressive areas considered under presidents Ron Waldheger (first semester) and Bob Jones (second). The council also handled the school service and fund-raising projects including the magazine and United Appeal drives, a relief fund for Biafra, and the adoption of a South American school. The "Spring Thing", Go LHS week, and numerous other social events also were managed or instigated by the student council and advisers Miss Agnes Cope and Mrs. Margot Gilbert.

The Phoenix, a student magazine, contains all types of creative work, from short stories and poems to art musical scores and lyrics. Piloted by co-editors Blythe Eastman and Dave Boyer, the Phoenix was directed mainly by the student staff. Compositions submitted to the Phoenix were decided upon by a vote from these co-editors and student staff members. LHS Spirit Given Booster Shot

Being responsible for "school spirit" is quite an enterprise. The third annual LHS Spirit Parade, which marked the beginning of the Booster projects, took place early in September, despite the rain. Cheering, horn-honking, and music from the band was all part of the fun as students paraded from Lakewood Park to the high school for the bon-fire, the final event of the evening. To maintain the school spirit throughout football and basketball seasons, Boosters made banners, sponsored buses, and sold booster supplies. Early morning pep rallies, accompanied by the band and cheerleaders, sparked enthusiasm and competitive cheering between senior, junior, and sophomore classes. Boosters and students kept LHS spirit alive with pep and action.

Band Marches On With New Leader

Although saddened by the death of director Mr. Richard Strang, band members experienced a fast-paced marching season followed by an ambitious concert season. They learned several new marching techniques, which involved the maneuvering of four-man squads through drill movements. In concerts, Mr. Fredrick Schaufele conducted a repertoire emphasizing contemporary band literature. The first senior band concert was at the Thanksgiving assembly. Later, there were winter concerts and two performances at the Mid-America Boat Show. Mr. Schaufele's innovations included private auditions for seating within sections and experimenting with new seating plans.

Orchestra Rates Superior in State Contest

Truly, the Orchestra was a Number One organization, for in the State Orchestra Contest it earned a rating of superior, the first time in several years. Another first for this organization was its own Winter Concert, featuring a wide variety of music. Adding the classical music portion to the program was the Chamber Orchestra. This was a group of top members selected by the director, Mr. Fredrick Schaufele. Also, the entire group played at the three junior high schools to inspire the young audiences to play instruments and to expose them to various quality orchestral compositions.

Concert Choir Wins District 'Superior'

Concert Choir is the new name for the Junior Choir of previous years. During fifth hour, sounds of music resounded in the halls as they prepared their repertoire. After the winter and spring concerts, they directed their efforts toward the district contest at Avon, where they received the highest rating, even though in competition with Senior Choirs in the Greater Cleveland area. At Christmastime, they sang at the Martha Jennings Children's Home. Soon after Christmas vacation, all members tried out for the 1969-70 Symphonic Choir. Director Miss Ulah Gilmore experimented with new techniques she had learned at the OMEA Conference at Columbus. The Concert Choir serves as training not only for Symphonic Choir but also to introduce its members to a variety of music.

Junior Band Rivals Concert Band Sound

In addition to training its members for possible future membership in Senior Band, Junior Band serves as a self-sustained performance group. Although the pieces they play are somewhat less difficult than those of Senior Band, Mr. Fredrick Schauffele uses similar rehearsal techniques. Junior Band first performed at the Winter Concert. In the following weeks, they prepared for the climactic Spring Concert, capping a great year of study and achievement.

Happenings Revive Roman Spirit With Good Times

Launching Latin club was a splash party in October. Next, Mr. Edgar Kyburz, an exchange teacher from Switzerland, presented impressive slides of a journey in the Alps. At Christmas the language clubs combined for a gala party, complete with Santa Claus and a pinata. Then the 'Latins' commemorated the "Ides of March" with a humorous skit and a true account of the famous date. They also visited the planetarium where Mr. Alton Yarian's pupils explained the story of the constellations. The year concluded with the annual language club picnic. These activities were planned under the supervision of Miss Mary Albright and Louise Fletcher, refreshment chairmen; Charley Geiger, president; Gary Kelly, vice president; Sally Ruetenik, secretary; John Meehan, treasurer.

Clubs Exposed to Realistic Spanish Atmosphere

Summer Costa Rican experiences were related at the first meeting by AFS exchange student Andy Anderson and Miss Carol Good. At a "Siesta" party, Mr. Edgar Kyburz, visiting teacher, taught the club Spanish songs and played the piano. The Christmas inner-club party featured games and an appearance by Santa, alias Steve Miljenovic. Mrs. Patricia Finch, club adviser, acquired front-row seats at the Public Auditorium for Jose Greco's flamenco dancing. Knowledge of customs increased as members dined at a Mexican restaurant and had the opportunity to order spicy cuisine in Spanish. At Easter, members held a party for Spanish speaking children on the East side. Betsey Kuhlman and Scott Miller presided over the club first and second semester, respectively.

Les Francais Exposed to Traditions of French Life

Club chefs flipped pancakes in typical French tradition to commemorate Mardi Gras celebrations. October brought humorous French skits including one about a missionary who attempted to convert a polygamous African savage. In November the club presented a film, **Les Casse Pieds** where the boring narrator, criticising bothersome people, became one himself. During Christmas get-togethers members sang French carols and in January hosted a French guest who discussed modern French life. An Easter party included brief skits, a talent show, and door prizes. The language club picnic concluded the year. The club was under the supervision of Mrs. Christiane Meade and Mr. Fernand Jacques who aided Sara Brdar and John Noran in their duties as president and vice-president respectively. Sandy Dunnett and Jennie King shared the duties of secretary and Steve Miljenovic acted as treasurer.

Starting the year in a jovial spirit, German Club's first meeting featured Herr Edgar Kyburz, a visiting teacher from Switzerland, who played the guitar and led singing and even yodeling. To capture the holiday spirit, the group, with advisers Miss Liselotte Echelle and Mr. Eugene Fahnert, joined in on the fun of a Christmas party with all the language clubs. The group also waged "war" with the Spanish Club in a volleyball game. Bringing a pleasant end to the year's activities was the annual club picnic.

Russian Club Provides Knowledge and Fun

Similarities and differences between the United States and the Soviet Union were examined by students in the Russian Club this year. At their meetings Russian culture and history was also discussed. After discussions, there was time for relaxation and fun. The club, advised by Mr. James Erdelyi, sang songs and socialized after general business was completed. Members of the Russian Club also attended the Language Christmas Party this year. All in all, the Russian Club provided most of its members with a good knowledge of the Soviet Union while also providing them with some fun and entertainment.

AFS Creates Interest in Foreign Countries

To generate student interest in foreign customs and ideas, the American Field Service club observed social events from different countries around the world. Several interested students competed for a term of study abroad. Halloween celebrating was totally unknown to AFSers Helena Norman of Sweden and Dieter Hametner of Austria. A first for the club program this year was sponsoring a talent show. Meetings included talks and slide showings by Miss Carol Good and Andy Anderson on Costa Rica as well as descriptions of life at home, by Helena and Dieter.

IAS Investigates World Conflict, Diplomacy

International Affairs Seminar was a club in the unique position of having its programs controlled by the whims of world crises. Programs included a Cleveland Council on World Affairs presentation of the Czechoslovakian situation by the world's foremost experts, speakers from strife-torn Biafra, and a former Bank of England official who spoke on current monetary upheavals. Lakewood's IAS became embroiled in international politics as they represented the United Arab Republic at the annual mock U.N. assembly. Timely topics included "Unilateral intervention by the great powers" and "Sovereignty of the ocean floor."

"Resolved: That the United States should establish a system of compulsory service for all citizens." This topic of national concern about the draft system was used for all of the National Forensic League's extramural debates. Before actually participating in contests, they observed teams at several tournaments and debating programs in the Cleveland area. At club meetings they also studied oratory and extemporaneous speaking, as they looked forward to the LEL Speech and Drama Festival at Parma High School in February. Their new sponsors were the chief coach Victor Silverman and his assistants Mr. George Bakalar, Mr. Louis Berry, and Mr. Richard Painting.

Chess Club Engages in Free-for-all

Participating in a newly-formed league, Lakewood's chess club had a winning year in interscholastic play. The Scholastic League, as set up this year, consisted of over 50 area schools which all met on designated days, resulting in hundreds of individual matches. In order to select representatives for the Lakewood delegation, a challenge ladder consisting of 15 steps was developed, with the top five men on the ladder becoming those chosen for competition. Team members by the end of the year included Justin Shirland, Doug Ice, Terry Chestnutt, Dennis Frigyes, and John Molar. To fund the club's various exploits the annual Dr. Howes' challenge was held. Mr. Jim Van Horn advised the group.

Friendship— 'To Try to Catch the Wind'

Main Friendship meetings were held monthly with one of the five chapters sponsoring the program. Social highlights included the annual membership drive for sophomores concluding with a "Y" overnight. "To catch World Fellowship" in November, juniors dressed in costumes of foreign countries and hosted a guest who spoke about Turkey. At Christmas, seniors posing as puppets enacted the traditional "Night Before Christmas." Tobogganing sparked good feeling and hilarity at a get-together in January. The separate chapters gathered regularly, too. Senior Friendship arranged a trip to the Orphans Home, an April get-together with East Tech girls, and a senior farewell. The festive annual Pa-Ma-Me program ended their year.

FHA Improves Skills in Homemaking

Homemaking and things of daily life were the main interests of forty-seven Future Homemakers of America. Under the guidance of adviser Mrs. Barbara Rohn, president Marilyn Metcalf and other officers, stimulating monthly meetings were held. They invited a guest from Ohio Bell to speak on how to make a pleasant telephone conversation. Another guest taught them how to make ornaments for Christmas trees. A Christmas party with Hi-Commercial and a progressive dinner in the spring gave them opportunities to prepare different dishes and refreshments. Their year ended with a swimming party and a picnic.

FTA Hosts Assembly for Entire School

What is in store for young students of the future? This is a concern of the Future Teachers of America. The sponsors of this nationally-affiliated group, Mrs. Kathryn Lightell and Mr. Leonard Schaiper, conducted an all-school assembly in January featuring Mr. Murl Huffman, president of the Ohio Education Association. The goal of the monthly meetings and programs was to acquaint members with as many aspects of teaching as possible. At one of these, Mrs. Martha McNeill, principal of Grant Elementary School, explained the ungraded school, where students, through the third grade, progress at their own rate of speed.

Creativeness and dynamic action of Hi-Art members in promoting a scholarship fund resulted in a film festival after school. For a quarter, students could see such creative films as "The Timepiece," "The Cow" and "New York, New York." Members went in groups to the annual water-color show at the Cleveland Museum of Art, to the National Scholastic in Cleveland, and to the Knox Art Gallery in Buffalo, New York. Officers were Diane Neumeister, secretary; Pat Camper, treasurer; and Rachel Cellini, president. Mr. Joseph Hruby advised the eighty-eight member club.

Hi-Commercial Gives Insight to Business

What can I expect at a job interview? How can I fit into an office situation? These questions were among the many answered during Hi-Commercial meetings. This club, under the guidance of Mrs. Geraldine Graziano, was specifically for girls interested in secretarial and business careers. In order to give an over-all view of the business world, the club sponsored a wide variety of speakers. One of these visitors was Dr. Richard Gulbenkian, the Director of Admission and Records at Cleveland State University, who told the girls what an employer looks for at an interview. But the club also gave time for fun with a Christmas party and Easter party, complete with egg hunt.

Lens and Shutter Club Develops Photography as Art Media

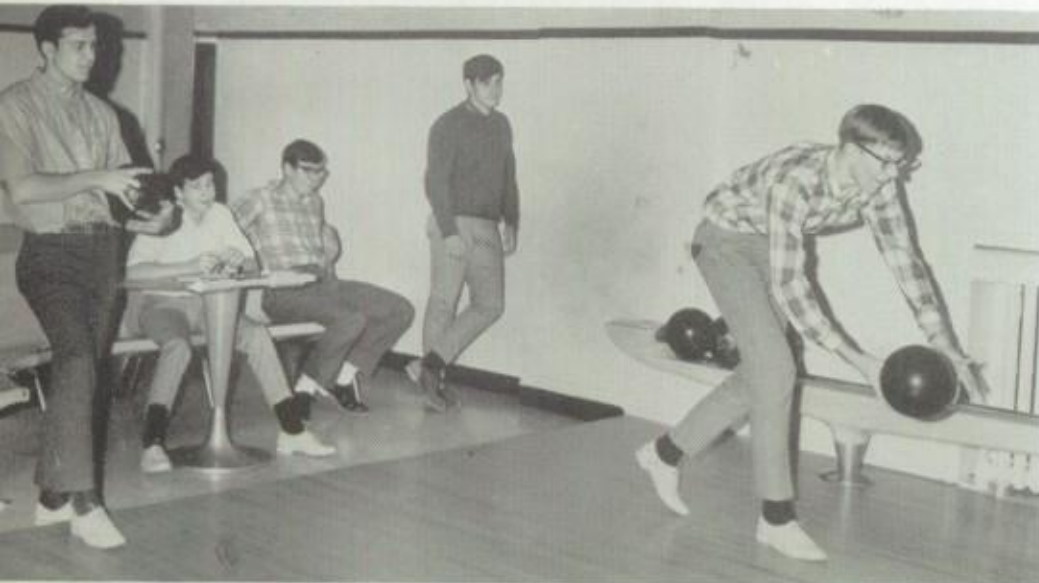

A winding road, grassy knolls, and an early American town; this type of area may not seem exciting to everyone, but to the members of Lens and Shutter club, scenic Route 303 was a marvelous place to take pictures. As in any art medium photographers tried to capture their subject matter with emotional and dramatic effects. The best artwork was entered in the Regional Scholastic Art Show. Bringing honors to the club, Dave Behl and Tom Sellars each won a gold key award for their entries. The May Show in the L-Room gave all students the opportunity to see the group's original projects. Members used the school dark-room, enabling them to learn and perfect developing techniques, with the aid of Mr. Harold Winkle. Swim Timers

Assist Mermen at Swim Meets

Interest in clocking at swim meets and enthusiasm for the swim team are the marks of swim timers. They learned to run and read clocks accurately and, when the swimming season started, helped to keep meets running smoothly. During the swim meet, not only did they time the races, they recorded swimmers' times and the winners. Donning white shirts and dark shorts, they also were the unofficial cheering section, urging the team on to victory and state competition. Mr. Jerry Steigerwald is their adviser and Lynn Eggleston is the secretary of this organization.

Bowling Team Strikes County-Wide Victory

Rigorous weekly intramural matches apparently prepared Lakewood keglers well for interscholastic competition. In the first of two tournaments involving thirteen other schools, LHS's team proved their pin-dropping ability by grabbing first place in both handicap and actual score divisions. Later tournaments and an award ceremony closed out the season. Mr. O. E. Breckenridge served as "chief-bowler-in-charge."

Biology Staff Pampers Animals, Equipment

Undoubtedly the most crowded (and most fragrant) room in the school is the biology laboratory. Populating a small area are 100 mice, several thousand fruit flies, and experimental supplies for the over 600 students taking lab-oriented biology courses. Assembling materials and maintaining the "zoo" is the task of the biology lab staff. At least two volunteers were on duty each hour under Mrs. Mariella Marr.

Projectionists daily job was to aid teachers by running movie projectors, tape recorders, and all other audio-visual equipment. This crew of boys, under the direction of Miss Lucille Kenney, showed their dedication by giving up their free study-hall time to transport and operate the wide variety of valuable learning aids including all sorts of movies, slides, and filmstrips.

Photo Staff puts the focus on students. Under the guidance of Mr. Ralph Rood, staff members are taught darkroom techniques while gaining experience in the field of photo-journalism. Student photographers work closely with school publications to coordinate their assignments with school and student events. The staff also works on extra projects for Lakewood Board of Education, Student Council, and sports events.

Staff Helps Man New Equipment in the Library

Concerned with the exciting new developments in the library like the new electronic instruments and the copy machine, eighty-eight students comprised the staff. Coached by librarians Mrs. Nancy Reece and Mrs. Katherine Devitt, and aided by four adult library clerks, students learned how to circulate, process, and mend the books. Those assigned to the Reserve Room assisted in the use of cordless tape recorders, viewers, and the college view-deck. Monitors were important in the service by collecting study hall slips.

Cafeteria Director Praises Work of Student Staff

Miss Irma Saukkonen this year boasted a staff that she could rely on, even when there was a shortage of adult help during the Hong Kong Flu epidemic. According to Miss Saukkonen, the serving of lunches to a family of 2500 students at Lakewood High School hinges on the co-operation of student help. For their services, which range from setting up menu boards to running quick lunch counters, the students receive 58¢ credit towards their daily lunches. One recent graduate of Lakewood High and Miss Saukkonen's student cafeteria staff secured a position at the 'Top of the Town', a leading Cleveland restaurant, and credits his experience on the staff with a rewarding career in food services.

L - Room Run by 'Student Power'

Staffed by an unusually large number of sophomores and juniors, the student center staff continued to fulfill their responsibilities of supplying a famished student body with life-sustaining nourishment after a hard day at the "office." Except for bookkeeping and material-ordering which are handled by the center's supervisor, Mrs. Robert Bachman, the staff operated all phases of the L-Room, including the repair of furniture and equipment. The staff members, who donated at least two evenings a month, also managed to help out with the various decorations quite frequently present in the student lounge.

Social Committee In Charge of All-School Events

Major entertainments under the responsibility of the Social Committee this year were the Homecoming Dance, the all-school party in January, and the Spring Dance in April. While working on programs for the entire school, chairman Judd McKendry and secretary Jennie King worked especially hard to instill school spirit. With the help of L-Room director, Mrs. Robert Bachman, students attending all-school events from Greater Cleveland area bands, such as the Damnation of Adam Blessing and the Cyrus Eyrie. The Social Committee tried to make dancing in the gym and socializing in the L-Room enjoyable for students participating in these events.

"It's Academic!" Team Captures First Place

"Quick recall" was the road to triumph for Lakewood's "It's Academic!" team, comprised of Robert Myers, Joette Newton, and John Frisz. These panelists and their alternates William Hulligan, Donald Harvey, and James Noran practiced for many weeks before the televised competition. Mrs. Dorothy Miles acted as the team's director, with assistance from Mr. Thomas Alverson, Mr. William McNamara, Mr. Alan Laing, Mr. Howard Vance, and Miss Mary Smagola. The training seemed to be worthwhile, for the team won with the score: Parma Byzantine 310 points, Richmond Heights 270, and Lakewood 400.

It's Magic Seven – And Cheerleader's Number Is Up

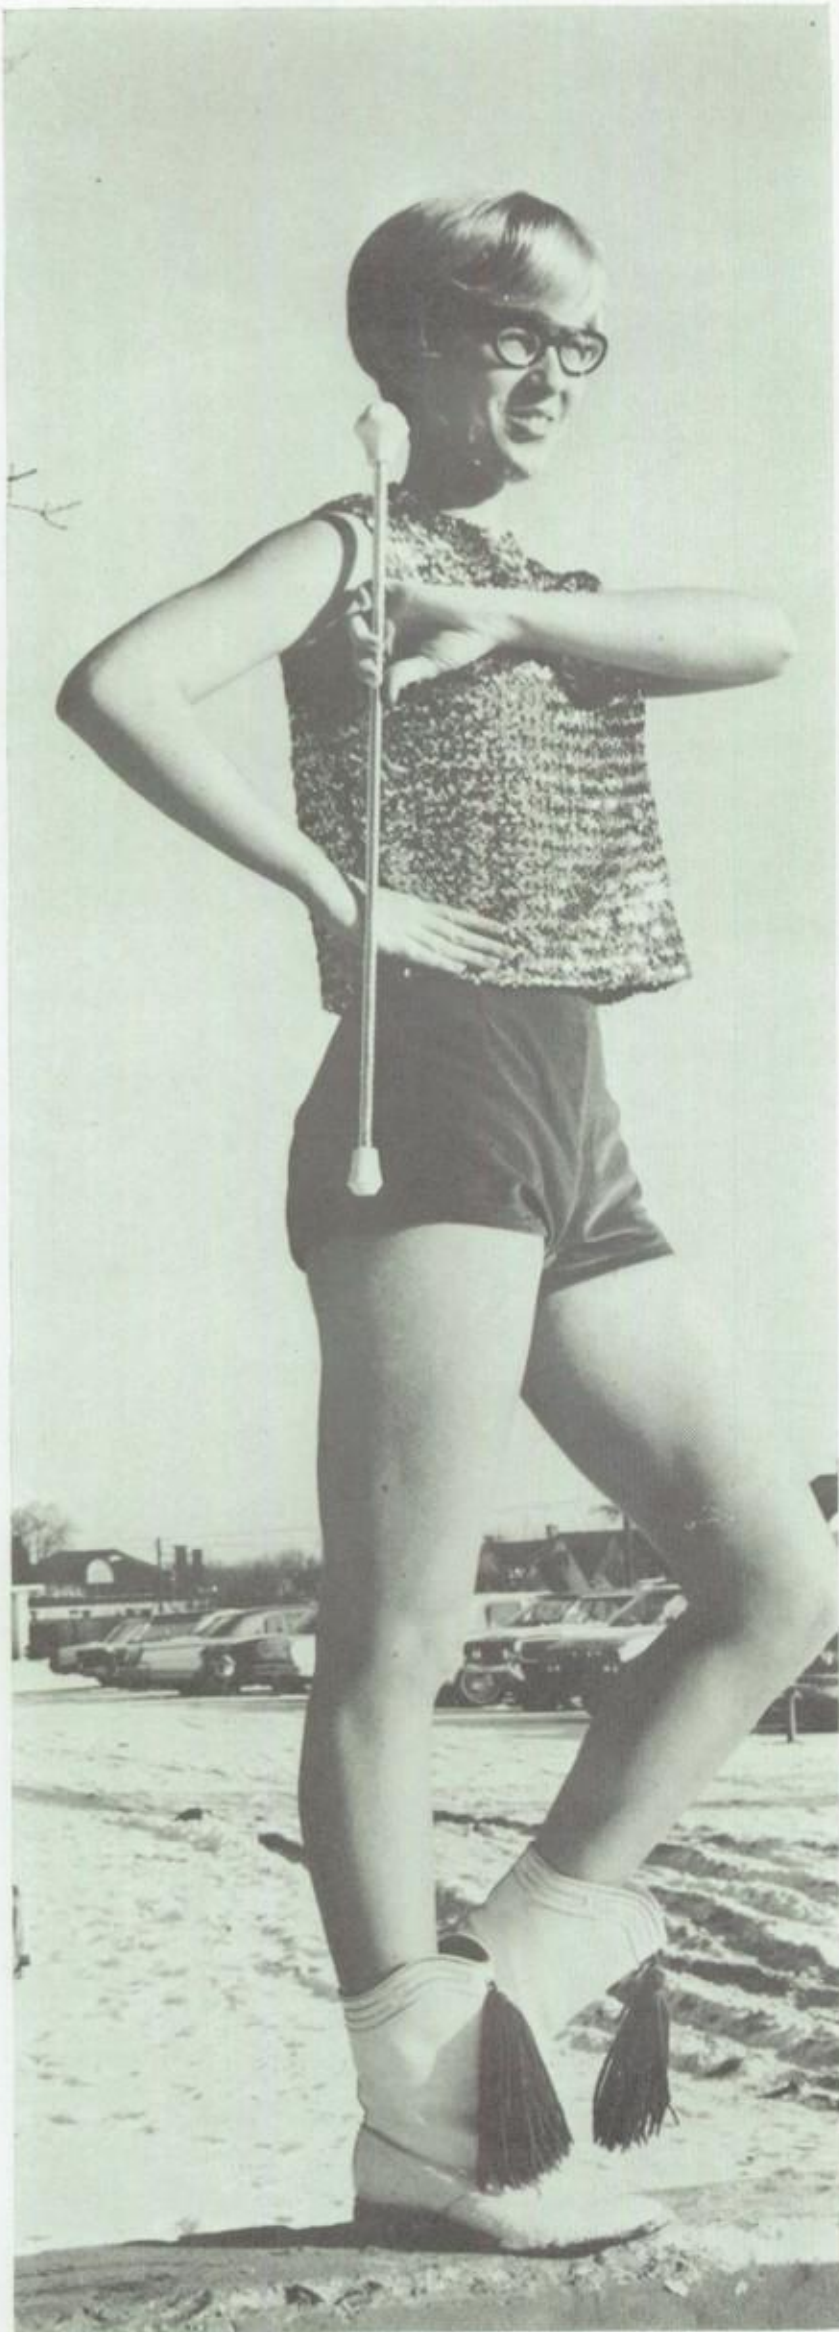

"Let's Go Lakewood—We Want Some Action—" and seven Varsity Cheerleaders and seven Jr. Varsity Cheerleaders sprung into action. Neither rain, sleet, nor snow muffled their rousing cheers. In new uniforms at basketball games, they zestfully put action into the "1968 Pep Section." During the "Toys for Tots" campaign, they really rang the bell. But spurring teams to victory was their thing, and adding to their spirit was their director, Mrs. Sally Crowell.

Junior Rangers, Majorette Ignites Enthusiasm

A solo Majorette led the Ranger Marching Band at football halftimes to the delight of the fans. Junior Rangers sold programs at the gate and peddled pom poms and pennants hither and yon during lulls in the action. Christmas Comes But Once a Year

Santa at festive gatherings, the L-Room with a Christmas tree, the weather with lots of snow, and suddenly — Christmas. Clubs and classes made last-minute gifts and decorations for children and oldsters, for homes and hospitals. The choirs sang carols at the drop of a hat. Steve Miljenovic was Santa who, with his little elves (cheerleaders), collected "Toys for Tots." Another Santa roamed the halls with a stray elf and disrupted classes to say, "Merry Christmas to all." Then it was December 20, the last day of school in 1968, with two whole weeks of anticipated joys of holidays and vacation.

GHOSTLY 'Harriet Stanley,' who murdered her mother and father with an axe, pays a visit on 'Sheridan' and 'Maggie'

Actors Present a 'Dinner' Play to Audience

Turning the Stanley household upside down is Sheridan Whiteside in 'The Man Who Came to Dinner,' a comedy by Kaufman and Hart. Whiteside, critic, stays at the Stanley residence to recover from having slipped on the Stanley's doorstep. He receives visits from nosy neighbors, a lady murderess, two celebrities, a crazy professor, and a gang of criminals. Lorraine's arrival complicates the romance between Sheridan's secretary, Maggie, and Mezalia's newspaper editor, Mr. Jefferson. The story comes to an end when Sheridan is ordered out of the Stanley home and slips on the doorsteps as he makes his final exit.

CANDY Anderson applies Sheridan's beard, made of dawstick and crepe, while Jill Nelson gently applies grease paint to Nurse Preen

'BANJO' says, 'Don't be afraid of my passion. Kiss me! I can feel the hot blood pounding through your varicose veins.'

'BEVERLY' announces, 'I have only a little time, so the conversation will be entirely about me, and I shall love it.'

Winter Play Proves to be Fantastic

Angry parents, young people in love, and a bandit comprised the main cast of the "Fantasticks". The first to run in the Tryout Theatre in two years, the play lasted a record-breaking five performances. Props were produced from a magic black box commanded by a mute in top hat and tails. El Gallo, an off-beat bandit and part-time narrator, divulged important information and musical entertainment. By using reverse psychology, he tried to convince the couples' parents that they were creating a sheltered life for her boy, Matt and his daughter, Luisa. Trouble brewed as an outdated actor named Henry and his Indian companion, Mortimer appeared and conducted Matt on a tour of the big, wide world, while Luisa stayed behind with El Gallo. A disillusioned Matt came back from his encounter with the world to find Luisa jilted by gigolo El Gallo. The two young people then decided to renew their relationship on a more realistic level.

# Acknowledgments

Congratulations to our predecessor, Mary Bennett, whose 1968 Cinema won both the All-American and Medalist Awards. Hers was the twenty-third consecutive All-American Rating by the National Scholastic Press Association, and the seventeenth consecutive Medalist Award given by the Columbia Press Association.

*In the production of the 1969 Cinema, many people were of great assistance and deserve recognition and thanks:*

## MISS GERTRUDE McTAGGART

*our editorial adviser, whose activities and long hours numbered in the thousands, and to whom we dedicate this Cinema*

## MR. RUSSELL R. BENSON

*our photographer and design consultant, who turned our hazy ideas into dramatic pictures and kept up with our hectic picture day schedules*

## MR. GEORGE PLATT

*who handled the sales campaign, directed book distribution, and advised the advertising staff*

## MR. MICHAEL CHISVARA

*our compositor, who set all our type and advertising pages*

## MR. RALPH TELFER

*our graphic arts director, who prepared our galleys for final printing and guided his student printshop helpers*

## MR. RALPH ROOD

*our director of student photography, who supervised darkroom procedure and took last-minute pictures*

## MR. FRED HARRINGTON

*who made every Senior look "picture perfect" last August at his studio*

## MRS. SUSAN FREDERICK

*assistant to the adviser, who especially aided us in the faculty section*

Mike

To a real pro  
Breech is really proud  
of you. Good luck  
Sam July.

Mike,  
I clearly remember how  
we met - was 7<sup>th</sup> grade in  
Vic Silverman's class - from  
then on we've been great  
friends and now it looks like  
good-bye but not an end  
to a lot of good memories  
Best of luck always.

Sam  
Don't get too  
many public hairs in  
your mouth. Pray and  
someday Bill Russell will  
step on your gonads. Good luck  
Ken Dudik

Pick a window,  
Mike. Don't be such a  
drunk over summer you for you  
Hennie "69"

O' Mike,  
You are perhaps  
the foremost math scholar  
fabwood has ever graduated.  
I'll see you at Harvard next  
year. Keep up the good work.

Mick - in  
Will kid - in  
speechless. All I  
know is up in a  
punch kid who has  
been nice knowing  
how ya -  
Kath

Mike,  
He really had  
some great times in  
homeroom. Remember  
meade too because  
she tried awful  
hard. Good luck  
always. Love  
Nancy  
Watson

Much,  
to a really nice  
guy who who who  
guy knowing. The  
best of luck to you  
in everything.

Bob Morozok

Mike -  
I've been thinking that  
you're gonna give that  
contaminated  
beer & love  
Since I'm leaving you \$100  
I'm

Mike,  
Good luck and 4 years  
with you  
summer  
together 5/8/81

To a well  
 friend I've gotten  
 to know over these  
 past 3 years. Best wishes  
 & good luck to you

Mick  
Wells  
I'll put it  
in the good  
time of year  
and I can't  
remember from  
any one

My dear  
Mr. Wells  
I am glad to  
hear you are  
well and hope  
you will continue  
to be so.

Yours truly,  
John D. Wells
